3	G0110	G-20	Rationale: A staff member had to complete part of the activity of personal hygiene for the resident 3 out of 7 days during the look-back period; ‡The assistance, although was non-weight-bearing, is considered full staff performance of the personal hygiene sub-task of brushing and styling her hair. Because this ADL sub-task was completed for the resident 3 times, but not every time during the last 7 days, it qualifies under the second criterion of the extensive assistance definition.
