

Physician Quality Reporting System (PQRS):

2016 Qualified Clinical Data Registry Criteria

Addendum

May 2016

Data Validation Execution Report

This document applies to entities participating as a Qualified Clinical Data Registry (QCDR) in the 2016 PQRS by supporting individual EPs and/or PQRS group practices. The 2016 Medicare Physician Fee Schedule (MPFS) Final Rule states “The Data Validation Execution Report must be sent via email to the QualityNet Help Desk at Qnetsupport@hcqis.org by 5:00 p.m. Eastern Time on June 30, 2016.” In order to allow vendors sufficient time to complete the Data Validation Execution Report after the 2016 data submission, CMS has changed this deadline to 5:00 p.m. Eastern Time on June 30, 2017. The Data Validation Execution Report should be sent to the QualityNet Help Desk at Qnetsupport@hcqis.org with the email subject of “PY2016 QCDR Data Validation Execution Report.”

The Data Validation Execution Report should contain any results found from the implementation of the Data Validation Plan submitted for the 2016 program year. This should include how the plan was implemented, as well as any insights gained from the data or processes. All results obtained from the auditing plan set forth and data summaries should be included as well.
