SUBJECT: Implementation of Corrections to: *Changes to the Hospital Inpatient Prospective Payment Systems (IPPS) and Fiscal Year 2004 Rates*; as Published in the October 6, 2003, Federal Register (68 FR 57732); and, Extension of the Provision Equalizing the Urban and Rural Standardized Medicare Inpatient Hospital Payments as Required by Public Law 108-89.

I. GENERAL INFORMATION

A. Background: This implements corrections to certain wage index values, hospital geographic classifications, the assignment of cases to and payment for certain diagnosis-related groups (DRGs), and add-on payments for new technology, that were published incorrectly in the August 1, 2003, **Federal Register**. As a result of these corrections, we also calculated new average standardized amounts applicable for FY 2004. These corrections were published in the October 6, 2003, **Federal Register**.

This also implements Public Law 108-89, which extended section 402(b) of Public Law 108-7 (as implemented by Program Memorandum A-03-023, published March 28, 2003). This provision requires that all hospitals paid on the basis of the national average standardized amounts are to receive the large urban standardized amount for discharges through March 31, 2004.

B. Policy: The October 6, 2003, Correction Notice contained specific changes to the wage index, add-on payment for the InFUSE™ bone graft technology, and revised average standardized amounts and capital Federal rate. These changes (with the exception of changes to the rural Georgia wage index, as described below) were effective for discharges on or after October 1, 2003, and were incorporated in Pricer 04.0.

We have attached a complete listing of hospital geographic reclassifications effective for FY 2004, reflecting corrections that were included in the October 6, 2003, Correction Notice. We have been made aware that provider number 36-0037 was incorrectly shown in the Correction Notice as reclassified. This hospital actually terminated its reclassification and should not have been listed as reclassified in the Correction Notice. This has been corrected in the attached listing. We have also been made aware there was a typographical error in the national average hourly wage published in the correction notice on page 57733. The amount should be \$24.7072, not \$24.7202 as published.

We also inadvertently failed to include the wage index MSA reclassification correction for the following provider:

| Provider No. | Actual MSA or Rural Area | Published Wage Index MSA reclassification | Corrected Wage Index MSA reclassification |
|--------------|--------------------------|---|---|
|--------------|--------------------------|---|---|

In addition, the correction notice included several DRG changes. A new GROUPER (version 21.1) and Pricer (04.1) will be in production by November 1, 2003, incorporating these changes. Because these DRG changes are effective for discharges occurring on or after October 1, 2003, affected claims that were processed before November 1, 2003, should be reprocessed.

The new Pricer will also incorporate the change to apply the large urban standardized amount to hospitals in rural and other urban areas for discharges occurring through March 31, 2004. To implement this change, we have prorated the average standardized amount applicable to these hospitals to reflect the amounts hospitals would have received had the change been implemented on October 1, 2003. Therefore, it is not necessary to reprocess claims for discharges occurring before November 1, 2003. All hospitals in large urban areas continue to be paid based on the standardized amounts published on page 57735 of the October 6, 2003, Correction Notice. The applicable standardized amounts for hospitals in other areas are:

| National Adjusted Operating Standardized Amounts | Labor | Nonlabor |
|--|------------|------------|
| Other Areas | \$3,146.32 | \$1,278.89 |

The following amounts are also applicable to the national amount for all Puerto Rico hospitals. The Puerto Rico-specific amount is also unchanged from the amount published on that page in the Correction Notice.

| National Adjusted Operating Standardized Amount for Puerto Rico | Labor | Nonlabor |
|---|------------|------------|
| National | \$3,141.66 | \$1,276.99 |

Finally, the October 6, 2003, Correction Notice indicated we were notified of a wage index data error for rural Georgia and that it was too late to make corrections to the rural Georgia wage index effective for discharges on or after October 1, 2003. We further indicated that the changes would be made effective for discharges occurring on or after January 1, 2004, the date for our next scheduled quarterly systems update. Because P.L. 108-89 requires that we update the Pricer by November 1, 2003, we will update our system off-cycle. As a result, the rural Georgia wage index changes will be incorporated into the November 1 systems update. This change also affects hospitals reclassifying into the Columbus, GA-AL Metropolitan Statistical Area, because they no longer receive the rural Georgia wage index floor. The new wage index values (replacing those originally published in Tables 4B and 4H of the August 1, 2003, **Federal Register**) are listed below. These will be incorporated in Pricer 04.1 for hospitals and in Pricer 04.1 for skilled nursing facilities. The effective dates for these changes will be discharges occurring on or after November 1, 2003.

Table 4B: (nonurban area) Wage Index GAF
 Georgia .8369 .8852

Table 4C: Wage Index GAF
 Columbus, GA-AL .8477 .8930

Table 4H: (nonurban area) Wage Index
 Georgia .8369

We are also making the corresponding change to Table 7 of the September 29, 2003, **Federal Register** publishing the corrected final wage indexes for skilled nursing facilities (SNF) (68 FR 55890 – 55896). This change is effective for discharges occurring on or after November 1, 2003.

C. Provider Education: Intermediaries shall notify affected hospitals of the changes by posting either a summary or relevant portions of this document on their Web site within 2 weeks. Also, intermediaries shall publish this same information in their next regularly scheduled bulletin. If they have a listserv that targets affected providers, they shall use it to notify subscribers that information about the reprocessing of claims with DRGs 104, 105, and 525 is available on their Web site.

II. BUSINESS REQUIREMENTS

"Shall" denotes a mandatory requirement

"Should" denotes an optional requirement

| Requirement # | Requirements | Responsibility |
|---------------|---|----------------|
| 1.0 | The FI shall ensure the provider specific file reflects all wage index and standardized amount reclassifications included in Attachment 1. | FI |
| 2.0 | Apply an FY 2004 hospital-specific rate budget neutrality factor of 1.002588, as described in the October 6, 2003, Correction Notice. A cumulative factor of 1.118206 should be applied to update the hospital-specific rates for FY 2000 to FY 2004. | FI |
| 3.0 | Contractors shall receive and install a new Pricer (04.1) by November 3, 2003. | SSM |
| 4.0 | Contractors shall receive and install a new Grouper (21.1) software program for determining DRG. | SSM |
| 5.0 | Once the new Pricer and Grouper are installed, the contractor shall mass adjust claims with DRGs 104, 105, and 525 and run through Grouper 21.1 and Pricer 04.1. | SSM/FI |

| | | |
|-----|---|--------|
| 5.1 | Contractors shall have 60 days to perform mass adjustments after the new software is installed into production. | SSM/FI |
| 6.0 | Notify the affected hospitals of the changes. | FI |
