

## **2019 CMS Navigator Cooperative Agreement Recipients**

Since 2013, Navigators have helped Americans understand their health insurance options and facilitated their enrollment in health insurance through a Federally-facilitated Exchange (FFE). Entities and individuals cannot serve as federally certified Navigators without receiving federal cooperative agreement funding, authorized in the Patient Protection and Affordable Care Act, to perform the required Navigator duties.

Below are the 34 organizations selected as 2019 CMS Navigator cooperative agreement awardees. The table under each awardee organization provides information on which counties or parishes they will be serving, along with their target populations, as outlined in their approved cooperative agreement application. Navigators are required to assist any consumer seeking assistance, even if that consumer is not a member of the community or group the awardee expects to target, as outlined in their application. The tables also include information on subawardee or subrecipient organizations that are under contract with the awardee to provide Navigator duties, if applicable.

The cooperative agreement award amounts listed under each awardee cover the first 12-month budget period (August 30, 2019-August 29, 2020) of the 24-month period of performance. The 2019 Navigator cooperative agreement awards are being awarded for a 24-month period of performance, which runs through August 29, 2021. Recipients marked with an asterisk (\*) are funded to work in more than one FFE state and are listed separately under each FFE state they are funded to work in.

This year, awardees will no longer be funded by CMS to work as FFE Navigators in New Jersey or Pennsylvania as both states will be transitioning from FFEs to State-Based Exchanges on the Federal Platform (SBE-FP) beginning for benefit year 2020.

# ALABAMA

## **AIDS Alabama, Inc.**

2019 Award Amount: \$200,000

Primary Contact: Matthew Pagnotti

Phone: (205) 324-9822
