Test with Vendors, Billing Services, Clearinghouses, Health Plans

While ICD-10 is almost here, you still have time to get ready. But you must get ready now. Each day this week we are highlighting 1 of the 5 recommendations to help you begin testing: 1) Why Test Now, 2) How to Get Started, 3) Testing with Trading Partners, 4) Types of Testing, and 5) Testing Tips.

Today our focus is:
Testing With Trading Partners

ICD-10 Test Now!

Test with vendors, clearinghouses, billing services, and health plans to:

- Verify that you can submit, receive, and process data with ICD-10 codes
- Understand how ICD-10 updates affect the transactions you submit
- Identify and address specific issues before October 1

Because time is short, test inside your practice and with partners at the same time if you are just getting started.

Check for testing opportunities at the website of the [Cooperative Exchange](#), an association of clearinghouses.
