Activity Description:

This presentation will share research on the association between neighborhood socioeconomic disadvantage and hospital readmissions.

Target Audience:

Physicians and other Health Care Professionals

Learning Objective:

By the end of this presentation, learners will be able to recognize the definition of health socioeconomic disadvantage (SD), the relationship found between SD and hospital readmissions in research, and a limitation of this research.

Participation:

Register for the webinar, participate in the webinar and access and complete the assessment and evaluation.

Credits Available:

Accreditation Council for Continuing Medical Education (ACCME)

The Centers for Medicare & Medicaid Services designates this **enduring activity** for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Credit for this course expires April 3, 2016.

IACET International Association for Continuing Education and Training (IACET)

The Centers for Medicare & Medicaid Services (CMS) is authorized by IACET to offer .1 CEU(s) for this program. CEU will be awarded to participants who meet all criteria for successful completion of this educational activity. CEU credit for this course expires April 3, 2016.

Speaker Bios & Disclosures:

Jane Brock, MD, MSPH, developer/presenter, has been employed by the Colorado QIO for 15 years, which is now Telligen's quality improvement network. Since 2006 her work has focused extensively on quality improvement interventions and implementation methods to reduce early hospital readmissions among Fee-for-service Medicare beneficiaries. She is currently the clinical director of the QIN program's National Coordinating Center.

Jane Brock has disclosed that she is currently a:

- Principle investigator on a project funded through the Patient Centered Outcomes Research Institute
- Currently an employee of Telligen

Amy JH Kind, developer/presenter, has been employed by the University of Wisconsin School of Medicine and Public Health, Department of Medicine, Division of Geriatrics since 2010 as an Assistant Professor. Dr. Kind is also the Director of the William S. Middleton VA Coordinated Transitional Care (C-TraC) Program.

Amy JH Kind has disclosed that she is currently a:

- Consultant with the State of Maryland
- Has a grant/research with National Institutes of Health-NIA, John Hartford Foundation, Wisconsin Partnership Program; Department of Veterans Affairs.

This activity was developed without commercial support.
