Low Volume Appeals (LVA) Settlement Details

As part of the broader Department of Health & Human Services commitment to improving the Medicare appeals process, CMS will make available the LVA option for certain providers and suppliers (appellants) with appeals pending at the Office of Medicare Hearings and Appeals (OMHA) and the Medicare Appeals Council (Council) at the Departmental Appeals Board levels of review.

The option will allow for settlement of the outstanding appeal in exchange for timely partial payment of 62% of the net approved amount of the appeal.

Eligibility

- **An appellant (You)** may be eligible if:
 - You are a Medicare Part A or Part B provider, physician, or supplier
 - You have less than 500 appeals across all your associated National Provider Identifiers (NPIs) pending in total as of November 3, 2017 at both OMHA and the Council levels of review
- **An appellant (You)** *are* not eligible if:
 - You are a beneficiary, enrollee, their family member, or estate
 - You are a State Medicaid Agency
 - You are a Medicare Advantage Organizations (Medicare Part C) or Part D sponsor
 - You are currently in bankruptcy or expect to file for bankruptcy

Certain appellants may be excluded from this settlement opportunity based on False Claims Act litigation or investigations, or other program integrity concerns, including pending civil, criminal, or administrative investigations.

Eligibility Continued

- An **appeal** is eligible if:
 - The appeal was pending before the OMHA and/or Council level of appeal as of November 3, 2017;
 - The appeal has a total billed amount of \$9,000 or less;
 - The appeal was properly and timely filed at the OMHA or Council level as of November 3, 2017;
 - The claims included in the appeal were denied by a Medicare contractor and remain in a fully denied status in the Medicare system;
 - The claims included in the appeal were submitted for payment under Medicare Part A or Part B;
 - The claims included in the appeal were not part of an extrapolation; and
 - As of the date the executed Administrative Agreement (Agreement) is fully executed, the appeal was still pending at the OMHA or Council level of review.

Initiating Settlement

- The settlement can be initiated by submitting an Expression of Interest (EOI) found at <http://go.cms.gov/LVA> to MedicareAppealsSettlement@cms.hhs.gov during the allotted submission timeframes below:
 - appellants with **NPIs** ending in an **even** number (0, 2, 4, 6, 8), EOIs will be accepted between February 5, 2018 and March 9, 2018.
 - appellants with **NPIs** ending in an **odd** number (1,3,5,7,9), EOIs will be accepted between March 12, 2018 and April 11, 2018.

Note: Submission of an EOI outside the above defined timeframes will result in rejection of the EOI and request to resubmit during the allotted timeframe.

Settlement Process

- Once CMS receives the EOI we will take the following steps:
 - Verify you submitted during the allotted timeframe, meet appellant eligibility criteria, and have eligible appeals.
 - If you don't meet eligibility criteria, we will notify you within 30 days of submitting your EOI, along with instructions on how to dispute eligibility decision via the Eligibility Determination Request process.
 - If you pass the eligibility review, you will receive an Administrative Agreement (Agreement) and Spreadsheet of potentially eligible appeals (Spreadsheet) within 30 days of submitting their EOI.

Settlement Process Continued

- Once you receive the Agreement and Spreadsheet and agree with the Spreadsheet, sign the associated Agreement and send it to CMS within 15 days of receipt of the Spreadsheet and Agreement.
- If you are not in agreement with the Spreadsheet, submit an Eligibility Determination Request (EDR) to request appeals be added or removed from the spreadsheet within 15 days of receipt of the Spreadsheet and Agreement.
