

CMS Manual System	Department of Health & Human Services (DHHS)
Pub 100-04 Medicare Claims Processing	Centers for Medicare & Medicaid Services (CMS)
Transmittal 3728	Date: March 3, 2017
	Change Request 10005

SUBJECT: April 2017 Update of the Hospital Outpatient Prospective Payment System (OPPS)

I. SUMMARY OF CHANGES: This Recurring Update Notification describes changes to and billing instructions for various payment policies implemented in the April 2017 OPPS update. The April 2017 Integrated Outpatient Code Editor (I/OCE) will reflect the Healthcare Common Procedure Coding System (HCPCS), Ambulatory Payment Classification (APC), HCPCS Modifier, and Revenue Code additions, changes, and deletions identified in this Change Request (CR). This Recurring Update Notification applies to Chapter 4, section 10.9.

The April 2017 revisions to I/OCE data files, instructions, and specifications are provided in the forthcoming April 2017 I/OCE CR.

EFFECTIVE DATE: April 1, 2017

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: April 3, 2017

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

II. CHANGES IN MANUAL INSTRUCTIONS: (N/A if manual is not updated)

R=REVISED, N=NEW, D=DELETED-*Only One Per Row.*

R/N/D	CHAPTER / SECTION / SUBSECTION / TITLE
N/A	N/A

III. FUNDING:

For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

Recurring Update Notification

Attachment - Recurring Update Notification

Pub. 100-04	Transmittal: 3728	Date: March 3, 2017	Change Request: 10005
-------------	-------------------	---------------------	-----------------------

SUBJECT: April 2017 Update of the Hospital Outpatient Prospective Payment System (OPPS)

EFFECTIVE DATE: April 1, 2017

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: April 3, 2017

I. GENERAL INFORMATION

A. Background: This Recurring Update Notification describes changes to and billing instructions for various payment policies implemented in the April 2017 OPPS update. The April 2017 Integrated Outpatient Code Editor (I/OCE) will reflect the Healthcare Common Procedure Coding System (HCPCS), Ambulatory Payment Classification (APC), HCPCS Modifier, and Revenue Code additions, changes, and deletions identified in this Change Request (CR). This Recurring Update Notification applies to Chapter 4, section 10.9.

The April 2017 revisions to I/OCE data files, instructions, and specifications are provided in the forthcoming April 2017 I/OCE CR.

B. Policy:

1. Proprietary Laboratory Analyses (PLA) CPT Codes Effective February 1, 2017

The AMA CPT Editorial Panel established three new PLA CPT codes, specifically, CPT codes 0001U, 0002U, and 0003U effective February 1, 2017. The long descriptors for the codes are listed in table 1, attachment A. Because the codes were effective February 1, 2017, they were not included in the January 2017 I/OCE update and the January 2017 OPPS Addendum B.

Under the hospital OPPS, CPT code 0001U is assigned to status indicator “A” and CPT codes 0002U and 0003U are assigned to status indicator “Q4” (Conditionally packaged laboratory tests) effective February 1, 2017. For more information on OPPS SI “A” and “Q4”, refer to OPPS Addendum D1 of the CY 2017 OPPS/ASC final rule for the latest definitions to the OPPS status indicators for CY 2017.

CPT codes 0001U, 0002U, and 0003U have been added to the April 2017 I/OCE with an effective date of February 1, 2017. These codes, along with their short descriptors and status indicators, are also listed in the April 2017 OPPS Addendum B.

2. Coding Changes for Presumptive Drug Tests Effective January 1, 2017

Prior to CY 2017, HCPCS codes G0477, G0478, and G0479 were used to describe presumptive drug tests. For the CY 2017 update, the AMA CPT Editorial Panel established three new CPT codes, specifically, CPT codes 80305, 80306, and 80307, to describe the same presumptive drug tests as the HCPCS G-codes. Consequently, the HCPCS G-codes were terminated on December 31, 2016. Because CPT codes 80305, 80306, and 80307 describe the same presumptive drug tests as the HCPCS G-codes, we assigned these new CPT codes to the same OPPS status indicator as its predecessor HCPCS G-codes effective January 1, 2017. The table 2, attachment A, shows the HCPCS codes, long descriptors, status indicators, and replacement codes for the HCPCS G-codes.

Because we were unable to delete HCPCS codes G0477, G0478, and G0479 in the January 2017 I/OCE update, we are deleting these codes in the April 2017 I/OCE update effective December 31, 2016. The short descriptors for CPT codes 80305, 80306, and 80307, along with their status indicators, can be found in the

3. Clarification regarding HCPCS Code G0498

Under the OPPS, HCPCS code G0498 is assigned status indicator “S” (Procedure or Service, Not discounted when multiple) effective January 1, 2016. HCPCS code G0498 (Chemotherapy administration, intravenous infusion technique; initiation of infusion in the office/other outpatient setting using office/other outpatient setting pump/supplies, with continuation of the infusion in the community setting (e.g., home, domiciliary, rest home or assisted living) is intended to describe a service where the facility incurred a facility expense specific to the provision of the non-implantable, external infusion pump. Because HCPCS code G0498 includes the chemotherapy administration, providers should not report HCPCS code G0498 with CPT code 96416 (Initiation of prolonged chemotherapy infusion (more than 8 hours), requiring use of a portable or implantable pump). In addition, a hospital should append modifier 52 (reduced service) to HCPCS code G0498 when a component of the service is not performed.

As a reminder, hospitals are expected to report all drug administration CPT codes in a manner consistent with their descriptors, CPT instructions, and correct coding principles. Also, hospitals are reminded to bill for all services provided using the HCPCS code(s) that most accurately describe the service(s) they provided.

4. Argus Retinal Prosthesis Add-on Code (C1842)

As stated in the January 2017 update, HCPCS code C1842 (Retinal prosthesis, includes all internal and external components; add-on to C1841) was established to resolve a claims processing issue for Ambulatory Surgery Centers (ASCs) and should not be reported on institutional claims by hospital outpatient department providers. Therefore, the status indicator for HCPCS code C1842 will change from SI=N (Paid under OPPS; payment is packaged into payment for other services) to SI=E1 (Not paid by Medicare when submitted on outpatient claims (any outpatient bill type)) in the April 2017 update. This correction to status indicator will be retroactive to January 1, 2017.

5. Drugs, Biologicals, and Radiopharmaceuticals

a. Drugs and Biologicals with Payments Based on Average Sales Price (ASP) Effective April 1, 2017

For CY 2017, payment for nonpass-through drugs, biologicals and therapeutic radiopharmaceuticals is made at a single rate of ASP + 6 percent, which provides payment for both the acquisition cost and pharmacy overhead costs associated with the drug, biological or therapeutic radiopharmaceutical. In CY 2017, a single payment of ASP + 6 percent for pass-through drugs, biologicals and radiopharmaceuticals is made to provide payment for both the acquisition cost and pharmacy overhead costs of these pass-through items. Payments for drugs and biologicals based on ASPs will be updated on a quarterly basis as later quarter ASP submissions become available. Updated payment rates effective April 1, 2017, and drug price restatements can be found in the April 2017 update of the OPPS Addendum A and Addendum B on the CMS Web site at <http://www.cms.gov/HospitalOutpatientPPS/>.

b. Drugs and Biologicals with OPPS Pass-Through Status Effective April 1, 2017

Seven drugs and biologicals have been granted OPPS pass-through status effective April 1, 2017. These items, along with their descriptors and APC assignments, are identified in Table 3, attachment A.

c. Drugs and Biologicals Based on ASP Methodology with Restated Payment Rates

Some drugs and biologicals based on ASP methodology will have payment rates that are corrected retroactively. These retroactive corrections typically occur on a quarterly basis. The list of drugs and biologicals with corrected payments rates will be accessible on the CMS Web site on the first date of the quarter at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service->

Payment/HospitalOutpatientPPS/OPPS-Restated-Payment-Rates.html.

Providers may resubmit claims that were impacted by adjustments to previous quarter's payment files.

d. Revised Status Indicator for HCPCS Code J1130

The status indicator for HCPCS code J1130 (Injection, diclofenac sodium, 0.5 mg) will change from SI=E2 (Items and Services for which pricing information and claims data are not available) to SI=K (Paid under OPPTS; separate APC payment) in the April 2017 update. This correction to status indicator will be retroactive to January 1, 2017. See table 4, attachment A.

e. HCPCS code C9744

As a reminder to hospital providers, HCPCS code C9744 (Ultrasound, abdominal, with contrast) may be used to describe use of a contrast agent in ultrasonography of the liver, kidneys, and/or bladder.

f. Reassignment of Skin Substitute Product from the Low Cost Group to the High Cost Group

Four skin substitute products have been reassigned from the low cost skin substitute group to the high cost skin substitute group based on updated pricing information. The HCPCS codes are Q4161, Q4169, Q4173, and Q4175. These products are listed in Table 5, attachment A.

g. Removal of Skin Substitute Product from the High/Low Cost Skin Substitute Table

One HCPCS code, Q4171, was inadvertently included in the High/Low Cost Skin Substitute table. Effective April 2017, Q4171 is removed from the High/Low Cost Skin Substitute table. This product is listed in Table 6, attachment A.

6. Coverage Determinations

As a reminder, the fact that a drug, device, procedure or service is assigned a HCPCS code and a payment rate under the OPPTS does not imply coverage by the Medicare program, but indicates only how the product, procedure, or service may be paid if covered by the program. Medicare Administrative Contractors (MACs) determine whether a drug, device, procedure, or other service meets all program requirements for coverage. For example, MACs determine that it is reasonable and necessary to treat the beneficiary's condition and whether it is excluded from payment.

II. BUSINESS REQUIREMENTS TABLE

"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.

Number	Requirement	Responsibility								Other
		A/B MAC			D M E	Shared-System Maintainers				
		A	B	H H H		F I S S	M C S	V M S	C W F	
10005.1	Medicare contactors shall manually add the following codes to their systems: <ul style="list-style-type: none"> All HCPCS codes listed in table 1, attachment A, effective February 1, 2017; 	X		X						

Number	Requirement	Responsibility								
		A/B MAC			D M E M A C	Shared-System Maintainers				Other
		A	B	H H H		F I S S	M C S	V M S	C W F	
	<ul style="list-style-type: none"> HCPCS codes C9484-C9488, listed in table 3, attachment A, effective April 1, 2017; <p>Note: These HCPCS codes will be included with the April 2017 I/OCE update. Status and payment indicators for these HCPCS codes will be listed in the April 2017 update of the OPSS Addendum A and Addendum B on the CMS Web site at https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html</p>									
10005.2	<p>Medicare contactors shall manually delete the following HCPCS codes from their systems:</p> <ul style="list-style-type: none"> HCPCS codes G0477-G0479 listed in table 2, attachment A, effective December 31, 2016. <p>Note: These deletions will be reflected in the April 2017 I/OCE update and in the April 2017 Update of the OPSS Addendum A and Addendum B on the CMS Web site at https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html</p>	X		X						

III. PROVIDER EDUCATION TABLE

Number	Requirement	Responsibility					
		A/B MAC			D M E M A C	C E D I	
		A	B	H H H			
10005.3	<p>MLN Article: A provider education article related to this instruction will be available at http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/ shortly after the CR is released. You will receive notification of the article release via the established "MLN Matters" listserv. Contractors shall post this article, or a direct link to this article, on their Web sites and include information about it in a listserv message within 5 business days after receipt of the notification from CMS announcing the availability of the article. In addition, the provider education article shall be included in the contractor's next regularly scheduled bulletin. Contractors are</p>	X		X			

Number	Requirement	Responsibility

		A	B	H H H		
	free to supplement MLN Matters articles with localized information that would benefit their provider community in billing and administering the Medicare program correctly.					

IV. SUPPORTING INFORMATION

Section A: Recommendations and supporting information associated with listed requirements:

"Should" denotes a recommendation.

X-Ref Requirement Number	Recommendations or other supporting information:

Section B: All other recommendations and supporting information: N/A

V. CONTACTS

Pre-Implementation Contact(s): Marina Kushnirova, marina.kushnirova@cms.hhs.gov

Post-Implementation Contact(s): Contact your Contracting Officer's Representative (COR).

VI. FUNDING

Section A: For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.
