## Revised LTCH QRP APU Table for FY 2025 and LTCH QRP APU Table for FY 2026

The Fiscal Year (FY) 2024 Long-Term Care Hospital (LTCH) Prospective Payment System (PPS) Final Rule (88 FR 58640) revised data collection and submission requirements for the LTCH Quality Reporting Program (QRP) affecting the FY 2025 and FY 2026 QRPs. A revised table providing the data elements that will be required to meet the Annual Payment Update (APU) minimum data completion threshold for the FY 2025 LTCH QRP and the LTCH QRP APU Table for reporting assessment-based Quality Measures (QMs) and standardized patient assessment data elements to CMS affecting FY 2026 APU determination are now available in the **Downloads** section of this webpage. We also note that the FY 2024 LTCH PPS final rule (88 FR 58640) finalized the requirement for LTCHs to report 100 percent of the required quality measures data and standardized patient assessment data collected using the LCDS **on at least 85 percent** of all assessments submitted **beginning with the FY 2026 QRP (1/1/2024 through 12/31/2024)**.
