A Team of Health Care Providers is Working Together to Give You the Best Care

Hello,

This letter is from the Centers for Medicare & Medicaid Services (CMS), letting you know about an exciting Medicare program that your health care provider is participating in.

Your health care provider, _____
has decided to take part in the Bundled Payments for Care Improvement Advanced Model (BPCI Advanced).

This doesn't change anything about your Medicare coverage, benefits, or rights and you have no actions to complete. This letter is to inform you of your provider's participation in this program, and to help answer any questions you may have.

What is BPCI Advanced?

BPCI Advanced is a payment program that CMS is testing to encourage doctors and hospitals to work better together. The goal is to get you higher quality and more affordable health care that supports you after your hospital stay or outpatient procedure and through your recovery.

What does BPCI Advanced mean for You?

Your Medicare coverage, benefits, and rights do not change because your health care provider is part of BPCI Advanced.

You still have the right to:

- Access Medically Necessary Services covered by Medicare
- Choose which hospital, doctor, or other health care provider you see to provide those services, whether they are part of BPCI Advanced or not.
- Appeal claim decisions

How can you give feedback about your health care?

You may be asked to take part in a survey from Medicare to ask for your opinion about the services and care you received from_____.

You can decide whether or not you want to take the survey. If you do take the survey, the answers you provide will be used to help make the care of Medicare patients better.
