

Expanded Prepayment Review of Existing Hospices in Arizona, California, Nevada, & Texas

CMS is planning to conduct expanded prepayment review and related activities for existing hospices in Arizona, California, Nevada, and Texas.

What's the Goal?

The goal is to reduce hospice fraud, waste, and abuse.

Does This Affect Me?

This may affect you if you're an existing hospice provider in the states of Arizona, California, Nevada, or Texas.

What Type of Expanded Prepayment Review Will You Perform?

To help reduce burden on compliant providers, we're keeping the initial review volumes low and adjusting them based on the results. If you're noncompliant, we may continue to review or take additional administrative actions.

How Will You Notify Me?

If we place you under review, we'll mail you a letter, which includes:

- A notice of the review.
- Claims selected for review. If you don't respond to our requests, we may deny claims or revoke your Medicare enrollment.

When Does the Expanded Prepayment Review Start?

This expanded prepayment review starts in September 2024.

Will Every Hospice Have the Same Start Date?

No. We'll review hospices at various intervals.

Can You Perform Medical Review on Other Hospices?

Yes. We can conduct medical review to prevent improper payments in other states or as necessary based on aberrant billing behaviors.

Where Can I Get More Information?
