

AN IMPORTANT MESSAGE FROM MEDICARE

# HAVE YOU COMPARED PLANS?

You might find one that saves you money.

## Medicare Open Enrollment is here

Now is the time to compare your current coverage to all your choices for 2023 and select the plan that best fits your needs and budget. Medicare's Open Enrollment period gives everyone with Medicare the opportunity to make changes to their health plans or prescription drug plans for coverage beginning January 1, 2023. But don't delay, the Open Enrollment period ends on December 7.

## Why compare plans for next year?

Just like your health, Medicare plans can change every year—and your current one might be changing. Plus, not all plans have the same benefits and out-of-pocket costs. By comparing all your options, you could find a plan that offers you more, saves money, or both. Review your current plan, costs, and health needs, then go to [Medicare.gov](https://www.Medicare.gov).

## It's easy to compare plans on Medicare.gov

At [Medicare.gov](https://www.Medicare.gov), you can do a side-by-side comparison of plan coverage, costs, and quality ratings to help you see the real differences between plans and feel confident in your choice. If you choose a new plan for 2023, you can enroll right there. Current coverage still meets your needs best? Then, you don't have to do anything.
