

The Center of Innovation

The Center for Medicare & Medicaid Innovation (CMMI) develops and tests new healthcare payment and service delivery models. CMMI's models are alternative payment models (APMs) which reward health care providers for delivering high-quality and cost-efficient care.

Mission: Innovate in the pursuit of affordable and better health care for all Americans.

Vision: A health care system that achieves equitable outcomes through high quality, affordable, and person-centered care.

Policy & Programs Group

The Policy and Programs Group (PPG) leads CMMI policy, legal, communications and payment strategy to support the Center Director. We perform a diverse set of strategic functions, including legal strategy, interested party engagement, communications, strategic planning, performance review, data and economic analysis, and payment design. We also operate the Advanced Alternative Payment Model Qualifying Provider program in Medicare.

Why work with us?

You'll be part of a team with an exceptionally diverse and meaningful portfolio. Our team has opportunity to work substantively on every CMMI model and the Medicare physician payment program.

Skills we're looking for

We're looking for people with interest and experience in health care, public health and/or working with the Medicare and Medicaid programs, including recent graduates. We're also looking for senior leaders and people with legal backgrounds.
