IMPLEMENTATION DATE: January 3, 2022

I. GENERAL INFORMATION

A. Background: The "Medicare Intravenous Immune Globulin (IVIG) Access and Strengthening Medicare and Repaying Taxpayers Act of 2012" authorized a three year demonstration under Part B of Title XVIII of the Social Security Act to evaluate the benefits of providing payment for items and services needed for the in-home administration of IVIG for the treatment of Primary Immunodeficiency Disease (PIDD). Title III, section 302 of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 extended the IVIG demonstration through December 31, 2020. Congress again extended the demonstration on December 21, 2020 for three additional years, till December 31, 2023, under the "Consolidated Appropriations Act, 2021" Division CC, Section 104, Extension of Medicare Patient IVIG Access Demonstration Project.

Change Requests 8599 and 8724 specified the requirements for implementing this demonstration. Business Requirement (BR) 8599.15 specified the payment rate for the administration of IVIG under the demonstration for 2014 and BR 8599.15.1 provided for annual updates to this rate. CRs 9254, 9746, 10343, 10896, and 11372 established the payment rate under the demonstration for 2016, through 2020 respectively.

This CR establishes the payment rate for demonstration services rendered to eligible beneficiaries enrolled in the demonstration for services rendered in 2022. All other processes related to uploading application files and processing claims under this demonstration remain the same.

B. Policy: Contractors shall ensure that the payment rate for Q2052: "Services, Supplies and Accessories Used in the Home under the Medicare IVIG Demonstration" for 2022 is \$384.59. Note: This payment rate shall be applicable for dates of service from January 1, 2022 through December 31, 2022.
