**SUBJECT: New Medicare Provider Specialty Code (D5) and Billing Codes for Opioid Treatment Programs and New Place of Service Code 58**

**I. SUMMARY OF CHANGES:** The purpose of this change request (CR) is to establish coding and payment rates as authorized by Section 2005 (Medicare Coverage of Certain Services Furnished by Opioid Treatment Programs) of the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment (SUPPORT) for Patients and Communities Act. These payments begin January 1, 2020.

All Opioid Treatment Programs billing Medicare will be required to enroll with Medicare as an Opioid Treatment Program and submit claims to MCS using a professional claim form.

**EFFECTIVE DATE: January 1, 2020**

## **I. GENERAL INFORMATION**

**A. Background:** Section 2005 of the SUPPORT Act establishes a new Medicare benefit category for opioid use disorder (OUD) treatment services furnished by opioid treatment programs (OTPs) under Medicare Part B, beginning on or after January 1, 2020. The purpose of this CR is to make the MACs aware of new HCPCS G-codes describing services that will be billed by Opioid Treatment Programs under Medicare. These payments will begin January 1, 2020.

Providers self-designate their Medicare specialty on the Medicare enrollment application (CMS-855B) or Internet-based Provider Enrollment, Chain and Ownership System (PECOS) when they enroll in the Medicare program. The provider specialty code describes the specific/unique types of services rendered. Provider specialty codes are used by the Centers for Medicare & Medicaid Services (CMS) for programmatic and claims processing purposes.

As an entity covered under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Medicare must comply with standards and their implementation guides adopted by regulation under this statute. The currently adopted professional implementation guide for the ASC X12N 837 standard requires that each electronic claim transaction include a Place of Service (POS) code from the POS code set maintained by the Centers for Medicare and Medicaid Services (CMS). As a payer, Medicare must be able to recognize as valid any valid code from the POS code set that appears on the HIPAA standard claim transaction.

The POS code set provides setting information necessary to appropriately pay Medicare and Medicaid claims. At times, Medicaid has had a greater need for specificity than has Medicare, and many of the new codes developed over the past few years have been to meet Medicaid's needs. While Medicare does not always need this greater specificity in order to appropriately pay claims, it nevertheless adjudicates claims with the new codes to ease coordination of benefits and to give Medicaid and other payers the setting information they require.

This Change Request (CR) updates the current POS code set by adding new POS code 58 for "Non-residential Opioid Treatment Facility – a location that provides treatment for opioid use disorder on an ambulatory basis. Services include methadone and other forms of Medication Assisted Treatment (MAT)." Also, this CR will implement the systems and local contractor level changes needed for Medicare to adjudicate claims with the new POS code. Local contractors shall develop policies as needed to adjudicate claims containing new POS code 58 in accordance with Medicare national policy.

**B. Policy:** Section 1861(s)(2)(HH)(jjj) of the Act requires that opioid use disorder treatment services would include FDA-approved opioid agonist and antagonist treatment medications, the dispensing and administration of such medications (if applicable), substance use disorder counseling, individual and group

# Medicare Claims Processing Manual

## Chapter 26 - Completing and Processing Form CMS-1500 Data Set

### 10.5 - Place of Service Codes (POS) and Definitions

*(Rev. 4486, Issued: 12-27-19, Effective: 01-01-20, Implementation: 01-06-20)*

- HIPAA
- The Health Insurance Portability and Accountability Act of 1996 (HIPAA) became effective October 16, 2003, for all covered entities. Medicare is a covered entity under HIPAA.
- The final rule, “Health Insurance Reform: Standards for Electronic Transactions,” published in the **Federal Register**, August 17, 2000, adopts the standards to be used under HIPAA and names the implementation guides to be used for these standards. The ASC X12N 837 professional is the standard to be used for transmitting health care claims electronically, and its implementation guide requires the use of POS codes from the National POS code set, currently maintained by CMS.
- As a covered entity, Medicare must use the POS codes from the National POS code set for processing its electronically submitted claims. Medicare must also recognize as valid POS codes from the POS code set when these codes appear on such a claim.
- Medicare must recognize and accept POS codes from the national POS code set in terms of HIPAA compliance. Note special considerations for Homeless Shelter (code 04), Indian Health Service (codes 05, 06), Tribal 638 (codes 07, 08), and 09 Prison/Correctional Facility settings, describe below. Where there is no national policy for a given POS code, local contractors may work with their medical directors to develop local policy regarding the services payable in a given setting, and this could include creating a crosswalk to an existing setting if desired. However, local contractors must pay for the services at either the facility or the nonfacility rate as designated below. In addition, local contractors, when developing policy, must ensure that they continue to pay appropriate rates for services rendered in the new setting; if they choose to create a crosswalk from one setting to another, they must crosswalk a facility rate designated code to another facility rate designated code, and a nonfacility rate designated code to another nonfacility rate designated code. For previously issued POS codes for which a crosswalk was mandated, and for which no other national Medicare directive has been issued, local contractors may elect to continue to use the crosswalk or develop local policy regarding the services payable in the setting, including another crosswalk, if appropriate. If a local contractor develops local policy for these settings, but later receives specific national instructions for these codes, the local contractors shall defer to and comply with the newer instructions. (**Note:** While, effective January 1, 2003, codes 03 School, 04 Homeless Shelter, and 20 Urgent Care became part of the National POS code set and were to be crosswalked to 11 Office, this mandate to crosswalk has since been lifted, as indicated above).

- National policy in the form of “Special Considerations” for Off Campus-Outpatient Hospital (POS 19), Inpatient Hospital (POS code 21), On Campus-Outpatient Hospital (POS code 22), Ambulatory Surgical Center (POS code 24) and Hospice (POS code 34) are included below.

- The National POS Code Set and Instructions for Using It

The following is the current national POS code set, with facility and nonfacility designations noted for Medicare payment for services on the Physician Fee Schedule. As a new POS code is established, the health care industry is permitted to use this code from the date that it is posted on the Medicare Place of Service Code Set Web page at [http://www.cms.gov/Medicare/Coding/place-of-service-codes/Place\\_of\\_Service\\_Code\\_Set.html](http://www.cms.gov/Medicare/Coding/place-of-service-codes/Place_of_Service_Code_Set.html) which is typically expected to be some months ahead of the final effective date for Medicare use.

The code set is annotated with the effective dates for this and all other codes added on and after January 1, 2003. Codes without effective dates annotated are long-standing and in effect on and before January 1, 2003.

<b>82-98 Unassigned</b>	--
<b>99 Other Place of Service</b>  Other place of service not identified above.	NF

The Medicare contractor can provide guidance regarding which code applies in cases where the appropriate POS code may be unclear.

- **Special Considerations for Homeless Shelter (Code 04)**

Note that for the purposes of receiving durable medical equipment (DME), a homeless shelter is considered the beneficiary's home. Because DME is payable in the beneficiary's home, the crosswalk for Homeless Shelter (code 04) to Office (code 11)

that was mandated effective January 1, 2003, may need to be adjusted or local policy developed so that HCPCS codes for DME are covered when other conditions are met and the beneficiary is in a homeless shelter. If desired, local contractors are permitted to work with their medical directors to determine a new crosswalk such as from Homeless Shelter (code 04) to Home (code 12) or Custodial Care Facility (code 33) for DME provided in a homeless shelter setting. If a local contractor is currently paying claims correctly, however, it is not necessary to change the current crosswalk.

- **Special Considerations for Indian Health Service (Codes 05, 06) and Tribal 638 Settings (Codes 07, 08)**

Medicare does not currently use the POS codes designated for these settings. Follow the instructions you have received regarding how to process claims for services rendered in IHS and Tribal 638 settings. If you receive claims with these codes, you must initially accept them in terms of HIPAA compliance. However, follow your “return as unprocessable” procedures after this initial compliance check. Follow your “return as unprocessable” procedures when you receive paper claims with these codes. (Note that while these codes became part of the National POS code set effective January 1, 2003, Medicare contractors received instructions regarding how to process claims with these codes effective October 1, 2003, so that Medicare could be HIPAA compliant by October 16, 2003).

- **Special Considerations for Mobile Unit Settings (Code 15)**

When services are furnished in a mobile unit, they are often provided to serve an entity for which another POS code exists. For example, a mobile unit may be sent to a physician’s office or a skilled nursing facility. If the mobile unit is serving an entity for which another POS code already exists, providers should use the POS code for that entity. However, if the mobile unit is not serving an entity which could be described by an existing POS code, the providers are to use the Mobile Unit POS code 15. Apply the nonfacility rate to payments for services designated as being furnished in POS code 15; apply the appropriate facility or nonfacility rate for the POS code designated when a code other than the mobile unit code is indicated.

A physician or practitioner's office, even if mobile, qualifies to serve as a telehealth originating site. Assuming such an office also fulfills the requirement that it be located in either a rural health professional shortage area as defined under section 332(a)(1)(A) of the Public Health Service Act (42 U.S.C.

254e(a)(1)(A)) or in a county that is not included in a Metropolitan Statistical Area as defined in section 1886(d)(2)(D) of the Act, the originating physician's office should use POS code 11 (Office) in order to ensure appropriate payment for services on the list of Medicare Telehealth Services.

- **Special Considerations for Prison/Correctional Facility Settings (Code 09)**

The addition of code 09 to the POS code set and Medicare claims processing reflects Medicare’s compliance with HIPAA laws and regulations. Local contractors must continue to comply with CMS current policy that does not allow payment for Medicare services in a penal institution in most cases. The addition of a POS code for a prison/correctional facility setting does not supersede this policy. (See Pub. 100-04, Medicare Claims Processing, section 10.4, chapter 1.)

- **Special Considerations for Walk-In Retail Health Clinic (Code 17)** (Effective no later than May 1, 2010)

It should be noted that, while some entities in the industry may elect to use POS code 17 to track the setting of immunizations, Medicare continues to require its billing rules for immunizations claims, which are found in chapter 18, section 10 of this manual. Contractors are to instruct

providers and suppliers of immunizations to continue to follow these Medicare billing rules. However, Medicare contractors are to accept and adjudicate claims containing POS code 17, even if its presence on a claim is contrary to these billing instructions.

- **Special Considerations for Services Furnished to Registered Inpatients**

When a physician/practitioner furnishes services to a registered inpatient, payment is made under the PFS at the facility rate. To that end, a physician/practitioner/supplier furnishing services to a patient who is a registered inpatient, shall, at a minimum, report the inpatient hospital POS code 21 irrespective of the setting where the patient actually receives the face-to-face encounter. In other words, reporting the inpatient hospital POS code 21 is a minimum requirement for purposes of triggering the facility payment under the PFS when services are provided to a registered inpatient. If the physician/practitioner is aware of the exact setting the beneficiary is a registered inpatient, the appropriate inpatient POS code may be reported consistent with the code list annotated in this section (instead of POS 21). For example, a physician/practitioner may use POS 31, for a patient in a SNF receiving inpatient skilled nursing care, POS 51, for a patient registered in a Psychiatric Inpatient Facility, and POS 61 for patients registered in a Comprehensive Inpatient Rehabilitation Facility.

- **Special Considerations for Outpatient Hospital Departments**

The place of service (POS) code for “Outpatient Hospital” has been expanded. The description of POS 22 has been revised from “Outpatient Hospital” to “On Campus-Outpatient Hospital” and POS 19 has been created for the “Off Campus- Outpatient Hospital” setting. Throughout this Internet Only Manual (IOM) you may find references to “Outpatient Hospital” that do not differentiate between the “On Campus” or “Off Campus” setting; however, any reference to POS 22 (formerly “Outpatient Hospital”) found anywhere within the IOM is now defined as “On Campus-Outpatient Hospital.” In addition, POS 19 will also apply in the majority of situations describing an outpatient hospital setting. When a physician/practitioner furnishes services to an outpatient of a hospital, payment is made under the PFS at the facility rate.

Physicians/practitioners who furnish services to a hospital outpatient, including in a hospital outpatient department (including in a provider-based department of that hospital) or under arrangement to a hospital shall, at a minimum, report the off campus-outpatient hospital POS code 19 or on campus-outpatient hospital POS code 22 irrespective of the setting where the patient actually receives the face-to-face encounter. In other words, reporting the outpatient hospital POS code 19 or 22 is a minimum requirement for purposes of triggering the facility payment amount under the PFS when services are provided to a registered outpatient. If the physician/practitioner is aware of the exact setting where the beneficiary is a registered hospital outpatient, the appropriate outpatient facility POS code may be reported consistent with the code list annotated in this section (instead of POS 19 or 22).

For example, physicians/practitioners may use POS code 23 for services furnished to a patient registered in the emergency room, POS 24 for patients registered in an ambulatory surgical center, and POS 56 for patients registered in a psychiatric residential treatment center.

**NOTE: Physicians/practitioners who perform services in a hospital outpatient department shall use, at a minimum, POS code 19 (Off Campus- Outpatient Hospital) or POS code 22 (On Campus-Outpatient Hospital).**

Code 19 or 22 (or other appropriate outpatient department POS code as described above) shall be used unless the physician maintains separate office space in the hospital or on the hospital campus and that physician office space is not considered a provider-based department of the hospital as defined in 42. C.F.R.

413.65. Physicians shall use POS code 11 (office) when services are performed in a separately maintained physician office space in the hospital or on the hospital campus and that physician office space is not considered a provider-based department of the hospital. Use of POS code 11 (office) in the hospital outpatient department or on hospital campus is subject to the physician

self-referral provisions set forth in 42 C.F.R 411.353 through 411.357.

- **Special Consideration for Ambulatory Surgical Centers (Code 24)**

When a physician/practitioner furnishes services to a patient in a Medicare- participating ambulatory surgical center (ASC), the POS code 24 (ASC) shall be used.

**NOTE: Physicians/practitioners who perform services in an ASC shall use POS code 24 (ASC).** Physicians/practitioners are not to use POS code 11 (office) for ASC based services unless the physician has an office at the same physical location of the ASC, which meets all other requirements for operating as a physician office at the same physical location as the ASC – including meeting the “distinct entity” criteria defined in the ASC State Operations Manual that precludes the ASC and an adjacent physician office from being open at the same time -- and the physician service was actually performed in the office suite portion of the facility.

See Pub 100-07, Medicare State Operations Manual, Appendix L - Guidance for Surveyors: Ambulatory Surgical Centers for a complete set of applicable ASC definitions, basic requirements, and conditions of coverage. It is available at the following link: [http://www.cms.gov/manuals/Downloads/som107ap\\_1\\_ambulatory.pdf](http://www.cms.gov/manuals/Downloads/som107ap_1_ambulatory.pdf)

- **Special Considerations for Hospice (Code 34)**

When a physician/practitioner furnishes services to a patient under the hospice benefit, use the following guidelines to identify the appropriate POS.

When a beneficiary is in an “inpatient” respite or general “inpatient” care stay, the POS code 34 (hospice) shall be used. When a beneficiary who has elected coverage under the Hospice benefit is receiving inpatient hospice care in a hospital, SNF, or hospice inpatient facility, POS code 34 (Hospice) shall be used to designate the POS on the claim.

For services provided to a hospice beneficiary in an outpatient setting, such as the physician/nonphysician practitioner’s office (POS 11); the beneficiary’s home (POS 12), i.e., not operated by the hospice; or other outpatient setting (e.g., off campus-outpatient hospital (POS 19) or on campus-outpatient hospital (POS 22)), the patient’s physician or nonphysician practitioner or hospice independent attending physician or nurse practitioner, shall assign the POS code that represents that setting, as appropriate.

There may be use of nursing homes as the hospice patient’s “home,” where the patient resides in the facility but is receiving a home level of care. In addition, hospices are also operating “houses” or hospice residential entities where hospice patients receive a home level of care. In these cases, physicians and nonphysician practitioners, including the patient’s independent attending physician or nurse practitioner, shall use the appropriate POS code representing the particular setting, e.g., POS code 32 for nursing home, POS code 13 for an assisted living facility, or POS code 14 for group home.

- ***Special Considerations for Non-residential Opioid Treatment Facility (Code 58)***

***NOTE: OUD treatment services furnished at Opioid Treatment Programs are not considered physician services and are separately paid under the bundled payment established under sections 1833(a)(1)(CC) and 1834(w) of the Social Security Act.***

- **Paper Claims**

Adjudicate paper claims with codes from the National POS code set as you would for electronic claims.

### 10.8.3 - Nonphysician Practitioner, Supplier, and Provider Specialty Codes

*(Rev. 4486, Issued: 12-27-19, Effective: 01-01-20, Implementation: 01-06-20)*

The following list of 2-digit codes and narrative describe the kind of medicine non-physician practitioners or other healthcare providers/suppliers practice.
