

The following Plans are not included in this Public Use File

- Non Part D Plans
- National PACE Plans
- Employer Sponsored Plans
- Demonstration Plans (MMPs are included)

Plans whose data has been suppressed in the PUF reporting period due to plan request, data inaccuracy, or other issues identified by CMS appear in the Plan Information table with the PLAN_SUPPRESSED_YN field set to “Y.” They do not appear in any other tables.

Effective January 1, 2011, the Medicare Coverage Gap Discount Program will make manufacturer discounts available to eligible Medicare beneficiaries receiving applicable, covered Part D drugs, while in the coverage gap. In order to participate in the Medicare Coverage Gap Discount Program, manufacturers must sign an agreement with CMS to provide the discount on all of its applicable drugs (i.e. prescription drugs approved or licensed under new drug applications or biologic license applications). Beginning in 2011, only those applicable drugs that are covered under a signed manufacturer agreement with CMS will be covered under Part D. This file does not reflect discounts applied to these drugs.
