

# CMS IT Governance Training

## Capital Planning & Investment Control (CPIC)

# Introduction

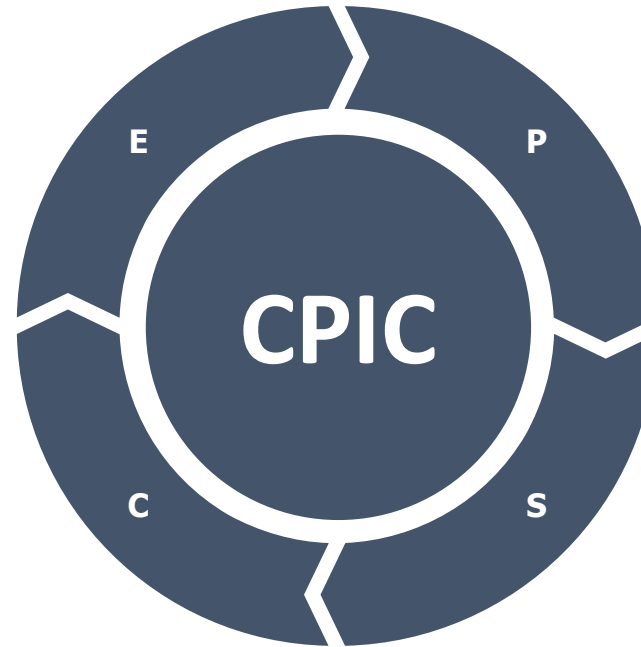

IT Governance supports CPIC throughout all phases, in a number of ways.

## EVALUATE

**Is the investment delivering what we expected?**

- Annual Operational Analysis
- Performance Measures
- Investment Reviews
- CIO Rating & CPIC Rating
- CIO Scorecard & FITARA Scorecard

## PRE-SELECT

**What is the business need?**

**How will we meet the need?**

- Intake Form
- Analysis, Consultation, Engagement (EA, TRB, OIT Navigator, etc.)
- Business Case DRAFT
- Alternatives Analysis DRAFT
- Governance Review Team

## CONTROL

**How do we ensure the investment delivers projected benefits?**

- Target Life Cycle
- Legislation, Guidance, Policy Management
- Acquisition Plan & Acquisition Strategy
- Investment Management & Reporting
- Cost & Schedule Performance (EVM)
- Data Collection/Reporting, Audit Follow-Up

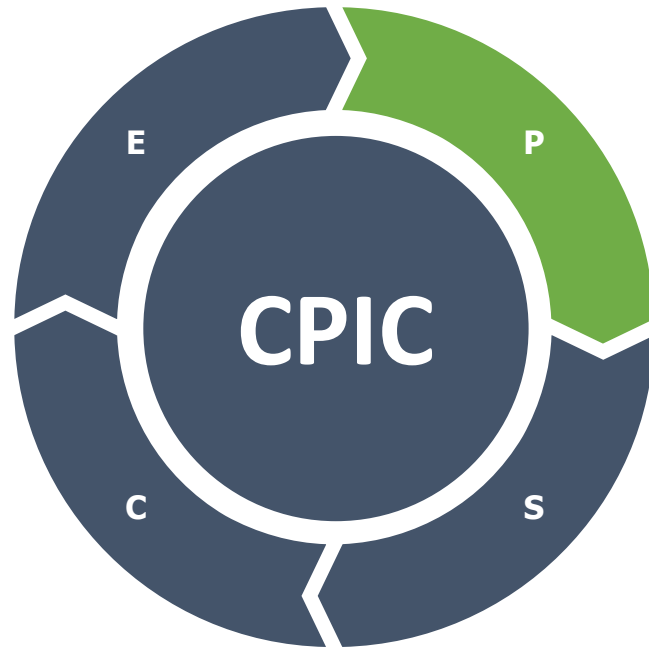

## SELECT

**Are we making a sensible and sustainable investment?**

- Business Case FINAL
- Alternatives Analysis FINAL
- Governance Review Board (GRB)
- Life Cycle ID
- IT Budget Formulation
- Budget Development Group(s)

# Pre-Select

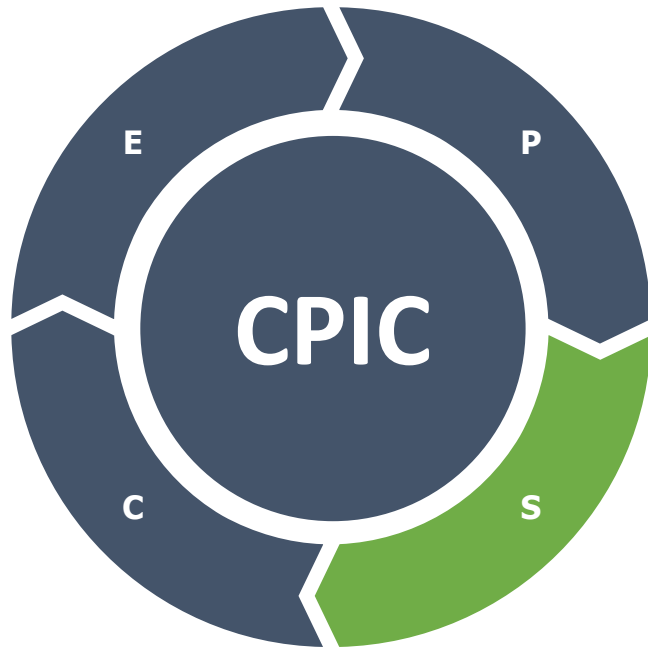

**What is the business need?**

**How will we meet the need?**

- Intake Form
- Analysis, Consultation, Engagement (EA, TRB, OIT Navigator, etc.)
- Business Case DRAFT
- Alternatives Analysis DRAFT
- Governance Review Team

# Select

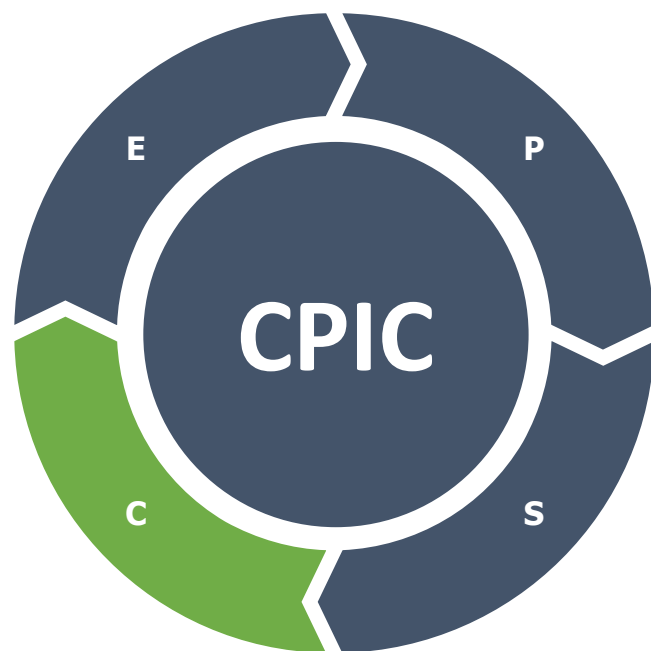

## Are we making a sensible and sustainable investment?

- Business Case FINAL
- Alternatives Analysis FINAL
- Governance Review Board (GRB)
