

MS-DRG Release Summary

FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)

Release Date	Change Type	Summary	Details
8/6/2024	Definitions Manual	Appendix E Part 3 6 Clusters Restored	Display restored for six procedure code clusters inadvertently omitted in Appendix E Part 3. Procedure combinations that are non-O.R. even though one or more procedures in the combination is O.R.: <ul style="list-style-type: none"> • 0FHB7DZ with 0FPB7DZ • 0FHB7DZ with 0FPB8DZ • 0FHB7DZ with 0FPBXDZ • 0FHB7DZ with 0FPD7DZ • 0FHB7DZ with 0FPD8DZ • 0FHB7DZ with 0FPDXDZ
8/22/2024	Definitions Manual	Appendix E Part 4 212 Codes Restored	Display restored for 212 obstetric operating room procedures codes inadvertently omitted in Appendix E Part 4. (See Table 1 for the list of codes).
9/9/2024	Groupers	MS-DRG 426 Logic Update	Logic added to the formula for MS-DRG 426: "CC & multanfuse1 & sglantsectXfuse & sglpostfuse"
9/9/2024	Definitions Manual	Erroneous Cluster Removed MS-DRG 957 Missing Back & Neck Codes MS-DRG 518-20	<ol style="list-style-type: none"> 1. Extraneous procedure code cluster removed from MS-DRG 957: <ul style="list-style-type: none"> • 0SPC08Z Removal of Spacer from Right Knee Joint, Open Approach and 0SRC0J9 Replacement of Right Knee Joint with Synthetic Substitute, Cemented, Open Approach 2. Display restored for 24 back and neck spinal procedure codes inadvertently omitted in MS-DRGs 518-520 <ul style="list-style-type: none"> 005W0Z3 Destruction of cervical spinal cord using laser interstitial thermal therapy, open approach 005W3Z3 Destruction of cervical spinal cord using laser interstitial thermal therapy, percutaneous approach 005W4Z3 Destruction of cervical spinal cord using laser interstitial thermal therapy, percutaneous endoscopic approach 005X0Z3 Destruction of thoracic spinal cord using laser interstitial thermal therapy, open approach 005X3Z3 Destruction of thoracic spinal cord using laser interstitial thermal therapy, percutaneous approach 005X4Z3 Destruction of thoracic spinal cord using laser interstitial thermal therapy, percutaneous endoscopic approach 005Y0Z3 Destruction of lumbar spinal cord using laser interstitial thermal therapy, open approach 005Y3Z3 Destruction of lumbar spinal cord using laser interstitial thermal therapy, percutaneous approach 005Y4Z3 Destruction of lumbar spinal cord using laser interstitial thermal therapy, percutaneous endoscopic approach 00HU01Z Insertion of radioactive element into spinal canal, open approach 00HU31Z Insertion of radioactive element into spinal canal, percutaneous approach 00HU41Z Insertion of radioactive element into spinal canal, percutaneous endoscopic approach 00HV01Z Insertion of radioactive element into spinal cord, open approach 00HV31Z Insertion of radioactive element into spinal cord, percutaneous approach 00HV41Z Insertion of radioactive element into spinal cord, percutaneous endoscopic approach 0PS403Z Reposition thoracic vertebra with spinal stabilization device, vertebral body tether, open approach 0PS443Z Reposition thoracic vertebra with spinal stabilization device, vertebral body tether, percutaneous endoscopic approach 0QS003Z Reposition lumbar vertebra with spinal stabilization device, vertebral body tether, open approach 0QS043Z Reposition lumbar vertebra with spinal stabilization device, vertebral body tether, percutaneous endoscopic approach XNS00C7 Reposition of lumbar vertebra using posterior (dynamic) distraction device, open approach, new technology group 7 XNS03C7 Reposition of lumbar vertebra using posterior (dynamic) distraction device, percutaneous approach, new technology group 7 XNS40C7 Reposition of thoracic vertebra using posterior (dynamic) distraction device, open approach, new technology group 7 XNS4332 Reposition of thoracic vertebra using magnetically controlled growth rod(s), percutaneous approach, new technology group 2 XNS43C7 Reposition of thoracic vertebra using posterior (dynamic) distraction device, percutaneous approach, new technology group 7
9/23/2024	Groupers	Single Fusion Counter	Method of counting single spinal fusions corrected, affecting MS-DRGs 402, 426, 427, & 428

**MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

Table 1. 212 obstetric operating room procedure codes inadvertently omitted in Appendix E Part 4

ICD-10-PCS Code	Description
10H003Z	Insertion of monitoring electrode into products of conception, open approach
10H00YZ	Insertion of other device into products of conception, open approach
10P003Z	Removal of monitoring electrode from products of conception, open approach
10P00YZ	Removal of other device from products of conception, open approach
10Q00YE	Repair nervous system in products of conception with other device, open approach
10Q00YF	Repair cardiovascular system in products of conception with other device, open approach
10Q00YG	Repair lymphatics and hemic in products of conception with other device, open approach
10Q00YH	Repair eye in products of conception with other device, open approach
10Q00YJ	Repair ear, nose and sinus in products of conception with other device, open approach
10Q00YK	Repair respiratory system in products of conception with other device, open approach
10Q00YL	Repair mouth and throat in products of conception with other device, open approach
10Q00YM	Repair gastrointestinal system in products of conception with other device, open approach
10Q00YN	Repair hepatobiliary and pancreas in products of conception with other device, open approach
10Q00YP	Repair endocrine system in products of conception with other device, open approach
10Q00YQ	Repair skin in products of conception with other device, open approach
10Q00YR	Repair musculoskeletal system in products of conception with other device, open approach
10Q00YS	Repair urinary system in products of conception with other device, open approach
10Q00YT	Repair female reproductive system in products of conception with other device, open approach
10Q00YV	Repair male reproductive system in products of conception with other device, open approach
10Q00YY	Repair other body system in products of conception with other device, open approach
10Q00ZE	Repair nervous system in products of conception, open approach
10Q00ZF	Repair cardiovascular system in products of conception, open approach
10Q00ZG	Repair lymphatics and hemic in products of conception, open approach
10Q00ZH	Repair eye in products of conception, open approach
10Q00ZJ	Repair ear, nose and sinus in products of conception, open approach
10Q00ZK	Repair respiratory system in products of conception, open approach
10Q00ZL	Repair mouth and throat in products of conception, open approach
10Q00ZM	Repair gastrointestinal system in products of conception, open approach
10Q00ZN	Repair hepatobiliary and pancreas in products of conception, open approach
10Q00ZP	Repair endocrine system in products of conception, open approach
10Q00ZQ	Repair skin in products of conception, open approach
10Q00ZR	Repair musculoskeletal system in products of conception, open approach
10Q00ZS	Repair urinary system in products of conception, open approach
10Q00ZT	Repair female reproductive system in products of conception, open approach
10Q00ZV	Repair male reproductive system in products of conception, open approach
10Q00ZY	Repair other body system in products of conception, open approach

**MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

10Q03YE	Repair nervous system in products of conception with other device, percutaneous approach
10Q03YF	Repair cardiovascular system in products of conception with other device, percutaneous approach
10Q03YG	Repair lymphatics and hemic in products of conception with other device, percutaneous approach
10Q03YH	Repair eye in products of conception with other device, percutaneous approach
10Q03YJ	Repair ear, nose and sinus in products of conception with other device, percutaneous approach
10Q03YK	Repair respiratory system in products of conception with other device, percutaneous approach
10Q03YL	Repair mouth and throat in products of conception with other device, percutaneous approach
10Q03YM	Repair gastrointestinal system in products of conception with other device, percutaneous approach
10Q03YN	Repair hepatobiliary and pancreas in products of conception with other device, percutaneous approach
10Q03YP	Repair endocrine system in products of conception with other device, percutaneous approach
10Q03YQ	Repair skin in products of conception with other device, percutaneous approach
10Q03YR	Repair musculoskeletal system in products of conception with other device, percutaneous approach
10Q03YS	Repair urinary system in products of conception with other device, percutaneous approach
10Q03YT	Repair female reproductive system in products of conception with other device, percutaneous approach
10Q03YV	Repair male reproductive system in products of conception with other device, percutaneous approach
10Q03YY	Repair other body system in products of conception with other device, percutaneous approach
10Q03ZE	Repair nervous system in products of conception, percutaneous approach
10Q03ZF	Repair cardiovascular system in products of conception, percutaneous approach
10Q03ZG	Repair lymphatics and hemic in products of conception, percutaneous approach
10Q03ZH	Repair eye in products of conception, percutaneous approach
10Q03ZJ	Repair ear, nose and sinus in products of conception, percutaneous approach
10Q03ZK	Repair respiratory system in products of conception, percutaneous approach
10Q03ZL	Repair mouth and throat in products of conception, percutaneous approach
10Q03ZM	Repair gastrointestinal system in products of conception, percutaneous approach
10Q03ZN	Repair hepatobiliary and pancreas in products of conception, percutaneous approach
10Q03ZP	Repair endocrine system in products of conception, percutaneous approach
10Q03ZQ	Repair skin in products of conception, percutaneous approach
10Q03ZR	Repair musculoskeletal system in products of conception, percutaneous approach
10Q03ZS	Repair urinary system in products of conception, percutaneous approach
10Q03ZT	Repair female reproductive system in products of conception, percutaneous approach
10Q03ZV	Repair male reproductive system in products of conception, percutaneous approach
10Q03ZY	Repair other body system in products of conception, percutaneous approach
10Q04YE	Repair nervous system in products of conception with other device, percutaneous endoscopic approach
10Q04YF	Repair cardiovascular system in products of conception with other device, percutaneous endoscopic approach
10Q04YG	Repair lymphatics and hemic in products of conception with other device, percutaneous endoscopic approach
10Q04YH	Repair eye in products of conception with other device, percutaneous endoscopic approach
10Q04YJ	Repair ear, nose and sinus in products of conception with other device, percutaneous endoscopic approach

**MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

10Q04YK	Repair respiratory system in products of conception with other device, percutaneous endoscopic approach
10Q04YL	Repair mouth and throat in products of conception with other device, percutaneous endoscopic approach
10Q04YM	Repair gastrointestinal system in products of conception with other device, percutaneous endoscopic approach
10Q04YN	Repair hepatobiliary and pancreas in products of conception with other device, percutaneous endoscopic approach
10Q04YP	Repair endocrine system in products of conception with other device, percutaneous endoscopic approach
10Q04YQ	Repair skin in products of conception with other device, percutaneous endoscopic approach
10Q04YR	Repair musculoskeletal system in products of conception with other device, percutaneous endoscopic approach
10Q04YS	Repair urinary system in products of conception with other device, percutaneous endoscopic approach
10Q04YT	Repair female reproductive system in products of conception with other device, percutaneous endoscopic approach
10Q04YV	Repair male reproductive system in products of conception with other device, percutaneous endoscopic approach
10Q04YY	Repair other body system in products of conception with other device, percutaneous endoscopic approach
10Q04ZE	Repair nervous system in products of conception, percutaneous endoscopic approach
10Q04ZF	Repair cardiovascular system in products of conception, percutaneous endoscopic approach
10Q04ZG	Repair lymphatics and hemic in products of conception, percutaneous endoscopic approach
10Q04ZH	Repair eye in products of conception, percutaneous endoscopic approach
10Q04ZJ	Repair ear, nose and sinus in products of conception, percutaneous endoscopic approach
10Q04ZK	Repair respiratory system in products of conception, percutaneous endoscopic approach
10Q04ZL	Repair mouth and throat in products of conception, percutaneous endoscopic approach
10Q04ZM	Repair gastrointestinal system in products of conception, percutaneous endoscopic approach
10Q04ZN	Repair hepatobiliary and pancreas in products of conception, percutaneous endoscopic approach
10Q04ZP	Repair endocrine system in products of conception, percutaneous endoscopic approach
10Q04ZQ	Repair skin in products of conception, percutaneous endoscopic approach
10Q04ZR	Repair musculoskeletal system in products of conception, percutaneous endoscopic approach
10Q04ZS	Repair urinary system in products of conception, percutaneous endoscopic approach
10Q04ZT	Repair female reproductive system in products of conception, percutaneous endoscopic approach
10Q04ZV	Repair male reproductive system in products of conception, percutaneous endoscopic approach
10Q04ZY	Repair other body system in products of conception, percutaneous endoscopic approach
10Q07YE	Repair nervous system in products of conception with other device, via natural or artificial opening
10Q07YF	Repair cardiovascular system in products of conception with other device, via natural or artificial opening
10Q07YG	Repair lymphatics and hemic in products of conception with other device, via natural or artificial opening
10Q07YH	Repair eye in products of conception with other device, via natural or artificial opening

MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)

10Q07YJ	Repair ear, nose and sinus in products of conception with other device, via natural or artificial opening
10Q07YK	Repair respiratory system in products of conception with other device, via natural or artificial opening
10Q07YL	Repair mouth and throat in products of conception with other device, via natural or artificial opening
10Q07YM	Repair gastrointestinal system in products of conception with other device, via natural or artificial opening
10Q07YN	Repair hepatobiliary and pancreas in products of conception with other device, via natural or artificial opening
10Q07YP	Repair endocrine system in products of conception with other device, via natural or artificial opening
10Q07YQ	Repair skin in products of conception with other device, via natural or artificial opening
10Q07YR	Repair musculoskeletal system in products of conception with other device, via natural or artificial opening
10Q07YS	Repair urinary system in products of conception with other device, via natural or artificial opening
10Q07YT	Repair female reproductive system in products of conception with other device, via natural or artificial opening
10Q07YV	Repair male reproductive system in products of conception with other device, via natural or artificial opening
10Q07YY	Repair other body system in products of conception with other device, via natural or artificial opening
10Q07ZE	Repair nervous system in products of conception, via natural or artificial opening
10Q07ZF	Repair cardiovascular system in products of conception, via natural or artificial opening
10Q07ZG	Repair lymphatics and hemic in products of conception, via natural or artificial opening
10Q07ZH	Repair eye in products of conception, via natural or artificial opening
10Q07ZJ	Repair ear, nose and sinus in products of conception, via natural or artificial opening
10Q07ZK	Repair respiratory system in products of conception, via natural or artificial opening
10Q07ZL	Repair mouth and throat in products of conception, via natural or artificial opening
10Q07ZM	Repair gastrointestinal system in products of conception, via natural or artificial opening
10Q07ZN	Repair hepatobiliary and pancreas in products of conception, via natural or artificial opening
10Q07ZP	Repair endocrine system in products of conception, via natural or artificial opening
10Q07ZQ	Repair skin in products of conception, via natural or artificial opening
10Q07ZR	Repair musculoskeletal system in products of conception, via natural or artificial opening
10Q07ZS	Repair urinary system in products of conception, via natural or artificial opening
10Q07ZT	Repair female reproductive system in products of conception, via natural or artificial opening
10Q07ZV	Repair male reproductive system in products of conception, via natural or artificial opening
10Q07ZY	Repair other body system in products of conception, via natural or artificial opening
10Q08YE	Repair nervous system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YF	Repair cardiovascular system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YG	Repair lymphatics and hemic in products of conception with other device, via natural or artificial opening endoscopic
10Q08YH	Repair eye in products of conception with other device, via natural or artificial opening endoscopic

**MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

10Q08YJ	Repair ear, nose and sinus in products of conception with other device, via natural or artificial opening endoscopic
10Q08YK	Repair respiratory system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YL	Repair mouth and throat in products of conception with other device, via natural or artificial opening endoscopic
10Q08YM	Repair gastrointestinal system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YN	Repair hepatobiliary and pancreas in products of conception with other device, via natural or artificial opening endoscopic
10Q08YP	Repair endocrine system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YQ	Repair skin in products of conception with other device, via natural or artificial opening endoscopic
10Q08YR	Repair musculoskeletal system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YS	Repair urinary system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YT	Repair female reproductive system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YV	Repair male reproductive system in products of conception with other device, via natural or artificial opening endoscopic
10Q08YY	Repair other body system in products of conception with other device, via natural or artificial opening endoscopic
10Q08ZE	Repair nervous system in products of conception, via natural or artificial opening endoscopic
10Q08ZF	Repair cardiovascular system in products of conception, via natural or artificial opening endoscopic
10Q08ZG	Repair lymphatics and hemic in products of conception, via natural or artificial opening endoscopic
10Q08ZH	Repair eye in products of conception, via natural or artificial opening endoscopic
10Q08ZJ	Repair ear, nose and sinus in products of conception, via natural or artificial opening endoscopic
10Q08ZK	Repair respiratory system in products of conception, via natural or artificial opening endoscopic
10Q08ZL	Repair mouth and throat in products of conception, via natural or artificial opening endoscopic
10Q08ZM	Repair gastrointestinal system in products of conception, via natural or artificial opening endoscopic
10Q08ZN	Repair hepatobiliary and pancreas in products of conception, via natural or artificial opening endoscopic
10Q08ZP	Repair endocrine system in products of conception, via natural or artificial opening endoscopic
10Q08ZQ	Repair skin in products of conception, via natural or artificial opening endoscopic
10Q08ZR	Repair musculoskeletal system in products of conception, via natural or artificial opening endoscopic
10Q08ZS	Repair urinary system in products of conception, via natural or artificial opening endoscopic
10Q08ZT	Repair female reproductive system in products of conception, via natural or artificial opening endoscopic
10Q08ZV	Repair male reproductive system in products of conception, via natural or artificial opening endoscopic
10Q08ZY	Repair other body system in products of conception, via natural or artificial opening endoscopic
10Y03ZE	Transplantation of nervous system into products of conception, percutaneous approach
10Y03ZF	Transplantation of cardiovascular system into products of conception, percutaneous approach

**MS-DRG Release Summary
FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

10Y03ZG	Transplantation of lymphatics and hemic into products of conception, percutaneous approach
10Y03ZH	Transplantation of eye into products of conception, percutaneous approach
10Y03ZJ	Transplantation of ear, nose and sinus into products of conception, percutaneous approach
10Y03ZK	Transplantation of respiratory system into products of conception, percutaneous approach
10Y03ZL	Transplantation of mouth and throat into products of conception, percutaneous approach
10Y03ZM	Transplantation of gastrointestinal system into products of conception, percutaneous approach
10Y03ZN	Transplantation of hepatobiliary and pancreas into products of conception, percutaneous approach
10Y03ZP	Transplantation of endocrine system into products of conception, percutaneous approach
10Y03ZQ	Transplantation of skin into products of conception, percutaneous approach
10Y03ZR	Transplantation of musculoskeletal system into products of conception, percutaneous approach
10Y03ZS	Transplantation of urinary system into products of conception, percutaneous approach
10Y03ZT	Transplantation of female reproductive system into products of conception, percutaneous approach
10Y03ZV	Transplantation of male reproductive system into products of conception, percutaneous approach
10Y03ZY	Transplantation of other body system into products of conception, percutaneous approach
10Y04ZE	Transplantation of nervous system into products of conception, percutaneous endoscopic approach
10Y04ZF	Transplantation of cardiovascular system into products of conception, percutaneous endoscopic approach
10Y04ZG	Transplantation of lymphatics and hemic into products of conception, percutaneous endoscopic approach
10Y04ZH	Transplantation of eye into products of conception, percutaneous endoscopic approach
10Y04ZJ	Transplantation of ear, nose and sinus into products of conception, percutaneous endoscopic approach
10Y04ZK	Transplantation of respiratory system into products of conception, percutaneous endoscopic approach
10Y04ZL	Transplantation of mouth and throat into products of conception, percutaneous endoscopic approach
10Y04ZM	Transplantation of gastrointestinal system into products of conception, percutaneous endoscopic approach
10Y04ZN	Transplantation of hepatobiliary and pancreas into products of conception, percutaneous endoscopic approach
10Y04ZP	Transplantation of endocrine system into products of conception, percutaneous endoscopic approach
10Y04ZQ	Transplantation of skin into products of conception, percutaneous endoscopic approach
10Y04ZR	Transplantation of musculoskeletal system into products of conception, percutaneous endoscopic approach
10Y04ZS	Transplantation of urinary system into products of conception, percutaneous endoscopic approach
10Y04ZT	Transplantation of female reproductive system into products of conception, percutaneous endoscopic approach
10Y04ZV	Transplantation of male reproductive system into products of conception, percutaneous endoscopic approach
10Y04ZY	Transplantation of other body system into products of conception, percutaneous endoscopic approach
10Y07ZE	Transplantation of nervous system into products of conception, via natural or artificial opening
10Y07ZF	Transplantation of cardiovascular system into products of conception, via natural or artificial opening
10Y07ZG	Transplantation of lymphatics and hemic into products of conception, via natural or artificial opening

**MS-DRG Release Summary
 FY 2025 – Version 42 (Effective October 1, 2024 through March 31, 2025)**

10Y07ZH	Transplantation of eye into products of conception, via natural or artificial opening
10Y07ZJ	Transplantation of ear, nose and sinus into products of conception, via natural or artificial opening
10Y07ZK	Transplantation of respiratory system into products of conception, via natural or artificial opening
10Y07ZL	Transplantation of mouth and throat into products of conception, via natural or artificial opening
10Y07ZM	Transplantation of gastrointestinal system into products of conception, via natural or artificial opening
10Y07ZN	Transplantation of hepatobiliary and pancreas into products of conception, via natural or artificial opening
10Y07ZP	Transplantation of endocrine system into products of conception, via natural or artificial opening
10Y07ZQ	Transplantation of skin into products of conception, via natural or artificial opening
10Y07ZR	Transplantation of musculoskeletal system into products of conception, via natural or artificial opening
10Y07ZS	Transplantation of urinary system into products of conception, via natural or artificial opening
10Y07ZT	Transplantation of female reproductive system into products of conception, via natural or artificial opening
10Y07ZV	Transplantation of male reproductive system into products of conception, via natural or artificial opening
10Y07ZY	Transplantation of other body system into products of conception, via natural or artificial opening
