

HPMS E-Mail**Date: July 31, 2013****Subject: Update 2014 MTM Program Web Page URL****Message:**

Beginning in 2014, sponsors will be required to have a dedicated “Medication Therapy Management (MTM) Program” page linked from their Medicare drug plan website (such as the services or benefits page) with specific information about their MTM program. Refer to the 2014 Call Letter or the April 5, 2013 HPMS memo, CY 2014 Medication Therapy Management Program Guidance and Submission Instructions for these requirements. (<http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/MTM.html>).

Sponsors first reported their MTM web page URL through the 2014 MTM Program submission module in HPMS. This information will be displayed on the Medicare Plan Finder beginning in October 2013 for the 2014 open enrollment period. Therefore, sponsors should ensure that the URL submitted to CMS is accurate, up-to-date, and accessible to beneficiaries.

Sponsors should submit any changes to their 2014 MTM web page URL during the September Update Window. The HPMS MTM program module submission gates will be automatically open from September 1 - 10, 2013.
