

Draft CY 2014 Marketing Guidance for Ohio Medicare-Medicaid Plans
Released for Comment: September 16, 2013

Introduction

All Medicare Advantage-Prescription Drug (MA-PD) plan sponsor requirements in the CY 2014 Medicare Marketing Guidelines (Chapter 3 of the Medicare Managed Care Manual and Chapter 2 of the Prescription Drug Benefit Manual) and , posted at <http://www.cms.gov/ManagedCareMarketing>, apply to Medicare-Medicaid plans (MMPs) participating in the Ohio Capitated Financial Alignment Demonstration, except as noted or modified in this guidance document.¹

This guidance document provides information only about those sections of the Medicare Marketing Guidelines that are not applicable or that would be different for MMPs in Ohio; therefore, this guidance document should be considered an addendum to the CY 2014 Medicare Marketing Guidelines (MMGs). This MMP guidance will be applicable to all marketing done for CY 2014 benefits. The table below summarizes those sections of the CY 2014 MMG that are clarified, modified, or replaced for Ohio MMPs in this guidance.

We refer MMPs to the following available model materials. We note that materials created by MMPs should take into account the reading level requirements established in the three-way contract. Available model materials reflect acceptable reading levels. Current Part D models will be acceptable for use as currently provided, and MMPs must add required disclaimers in section 50 of this guidance, as appropriate. Adding required MMP disclaimers to Part D models will not render the documents non-model when submitted for review or accepted as File & Use materials.

- MMP-specific model materials, including an Annual Notice of Change (ANOC), Evidence of Coverage (Member Handbook), comprehensive integrated formulary, combined provider/pharmacy directory, ID card, and welcome letter tailored to MMPs in Ohio: <http://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialModelstoSupportStatesEffortsinCareCoordination.html>.

MMP-specific model materials tailored to MMPs in Ohio will be added to this website as they are finalized and will also be disseminated via the Health Plan Management System (HPMS).

We expect to issue additional operational guidance – including final marketing codes for MMPs to use in submitting marketing materials in HPMS – as well as Ohio-specific MMP marketing model templates later this year.

Following are the Ohio MMP-specific modifications to the Medicare Marketing Guidelines for CY 2014.

Section 10 – Introduction

The prohibition on marketing for an upcoming year prior to October 1 will only apply when the upcoming plan year begins on January 1. Given the mid-year demonstration start in Ohio, for CY 2014, MMPs may not begin marketing activity prior to February 1, 2014, or once the MMP has entered into a three-way contract with CMS and Ohio, has passed the CMS/Ohio readiness review, and is connected to CMS enrollment and payment systems such that the MMP is able to receive payment and enrollments, whichever is later. Marketing activity for CY 2015 may begin no earlier than October 1, 2014 and must be consistent with the CY 2015 Medicare Marketing Guidelines (which will be issued in final in 2014), with the exceptions articulated in Ohio-specific marketing guidance as appropriate.

Section 30.5 – Requirements Pertaining to Non-English Speaking Populations

The standard articulated in this section for translation of marketing materials into non-English language will be superseded to the extent that Ohio’s standard for translation of marketing materials is more stringent. The Ohio translation standard – which requires translation of materials into “prevalent languages” (i.e., Spanish and any language that is the primary language of 5% or more of the ICO service area population) – exceeds the Medicare standard for translation in Ohio MMP services areas for CY 2014.² For CY 2014, Ohio’s standard requires translation of required marketing materials (which, for Ohio MMPs will be the Summary of Benefits, ANOC/EOC (Member Handbook), formulary (List of Covered Drugs), provider/pharmacy directory (Provider and Pharmacy Network Directory), welcome letter, and the Part D transition letter) into Spanish in all service areas.³ Therefore, the Ohio standard for translation will apply to Ohio MMPs for CY 2014, as it is more stringent than the Medicare standard.

Section 30.5.1 – Multi-Language Insert

We clarify that MMPs must include a Multi-Language Insert with their demonstration-specific Summary of Benefits (SB) and Annual Notice of Change (ANOC)/Evidence of Coverage (Member Handbook) documents, as is the case for other plan sponsor types with their Medicare Advantage and Part D SBs and ANOC/EOC documents. Ohio MMPs must use the Multi-Language Insert in Appendix 3 of the Medicare Marketing Guidelines. MMPs operating in the Central region of Ohio must also add the required paragraph in one additional language – Somali.

² Guidance on the CY 2014 translation requirements for all plans, including MMPs, will be issued via HPMS and entitled, “Contract Year 2014 Translated Marketing Materials Requirements and Methodology,” in September 2013. For additional information, refer to the April 10, 2013 HPMS memorandum, “Translation Requirements for CY 2013 Medicare-Medicaid Plans (MMPs)” at <http://cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/Downloads/CY2013MMPTranslationHPMSMemoFinal041013.pdf>.

³ CMS will make available Spanish translations of the Ohio MMP summary of benefits, formulary, provider/pharmacy directory, and ANOC/EOC (Member Handbook). CMS makes available a Spanish translation of the Part D transition letter to all Medicare health plans at <http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/Part-D-Model-Marketing-Materials.html>.

Section 30.6 – Required Materials with an Enrollment Form

Because MMPs will be too new to measure under the CMS plan (star) rating system, they will not be required to include the Star Ratings Information document when a beneficiary is provided with pre-enrollment information.

Section 30.7 – Required Materials for New and Renewing Members at Time of Enrollment and Thereafter

This section is replaced with the following revised guidance:

Section 30.7 – Required Materials for New and Renewing Members at Time of Enrollment and Thereafter

42 CFR 422.111, 423.128, 422.2264, 423.2264

The following materials must be provided to enrollees at the time of enrollment and annually thereafter:

- Annual Notice of Change/Evidence of Coverage (EOC) (Member Handbook), or simply an Evidence of Coverage (Member Handbook), as applicable and described in the replacement guidance below for section 60.7 of the Medicare Marketing Guidelines.
- A comprehensive integrated formulary (List of Covered Drugs) that includes Medicare and Medicaid outpatient prescription drugs and over-the-counter pharmacy drugs or products provided under the MMP.
- A combined provider and pharmacy directory (Provider and Pharmacy Network Directory) that includes all providers of Medicare, Medicaid, and additional benefits, or information about how to access or receive the pharmacy/provider directory (required at the time of enrollment; see section 60.4 for additional information about provision of a directory post-enrollment).
- A single identification (ID) card for accessing all covered services under the plan (required at the time of enrollment and as needed or required by the MMP post-enrollment).
- For individuals enrolled through passive enrollment, a demonstration plan-specific Summary of Benefits (SB) containing a concise description of the important aspects of enrolling in the plan, as well as the benefits offered under the plan, including co-pays, applicable conditions and limitations, and any other conditions associated with receipt or use of benefits. Because the EOC (Member Handbook) may not be provided until just prior to the effective date of a passive enrollment, the SB must be provided to individuals enrolled through passive enrollment prior to receipt of the EOC (Member Handbook) to ensure that they have sufficient information about plan benefits to make an informed decision prior to the passive enrollment effective date. Refer to the

revised guidance for section 60.7 contained in this document for more information about when an MMP must send an SB to current enrollees post-enrollment.

MMPs must provide enrollees who self-select into the demonstration the following materials no later than ten (10) calendar days from receipt of CMS confirmation of enrollment or by the last day of the month prior to the effective date, whichever occurs later. We clarify that this group of enrollees who self-select includes individuals who are eligible for passive enrollment but select a different MMP or initiate an earlier enrollment date than their passive enrollment effective date. For late month enrollment transactions (those for which CMS confirmation of enrollment is received less than ten (10) calendar days before the end of the month prior to the effective date), MMPs must send these materials no later than ten (10) calendar days from receipt of CMS confirmation of enrollment. MMPs should refer to the date of the Transaction Reply Report (TRR) that has the notification to identify the start of the ten (10) calendar day timeframe.

- A welcome letter
- A comprehensive integrated formulary
- A combined pharmacy/provider directory, or information about how to access or receive the pharmacy/provider directory, consistent with section 60.4 of this guidance.
- A single ID card (Note: The ID Card must be received no earlier than 15 calendar days prior to the effective date of enrollment).

MMPs must provide enrollees who are passively enrolled the following materials no later than the 15th of the month prior to the effective date of enrollment:

- A welcome letter consistent with a model developed jointly by CMS and the State
- A comprehensive integrated formulary
- A combined pharmacy/provider directory, or information about how to access or receive the pharmacy/provider directory, consistent with section 60.4 of this guidance
- A Summary of Benefits (SB)

We clarify that individuals eligible for passive enrollment who select a different MMP or initiate an earlier enrollment date than their passive enrollment effective date must receive the materials listed above (and on the same timeline as) enrollees who self-select into the demonstration.

Additional materials may not be included in this mailing, unless the MMP chooses to mail the EOC (Member Handbook) and ID card early along with the materials in this mailing.

In addition, MMPs must provide enrollees who are passively enrolled a single ID card for receipt by the end of the month preceding the month the enrollment will take effect, but no earlier

than 15 calendar days prior to the effective date of enrollment (e.g., the ID card must be received by a beneficiary no earlier than March 16th but no later than March 31st for an April 1st effective enrollment date), but no earlier than 15 calendar days prior to the effective date. .

For both enrollees who are passively enrolled and enrollees who self-select into the demonstration, the EOC (Member Handbook) must be provided at the time of enrollment. The Annual Notice of Change and EOC (Member Handbook) must also be provided annually thereafter consistent with the replacement guidance below for section 60.7 of the Medicare Marketing Guidelines.

The following tables summarize the requirements of this section.

Section 30.10 – Star Ratings Information from CMS

Because MMPs will be too new to measure under the CMS plan (star) rating system, this section does not apply to MMPs.

Section 30.10.1 – Referencing Star Ratings in Marketing Materials

Because MMPs will be too new to measure under the CMS plan (star) rating system, this section does not apply to MMPs.

Section 30.10.2 – Plans with an Overall 5-Star Rating

Because MMPs will be too new to measure under the CMS plan (star) rating system, this section does not apply to MMPs.

Section 40.6 – Hours of Operation Requirements for Marketing Materials

In addition to the requirements of this section, MMPs must also provide the phone number and hours of operation information for the State enrollment broker at least once in any marketing materials that are provided prior to the time of enrollment and where a customer service number is provided for current and prospective enrollees to call.

Section 40.8 – Marketing of Multiple Lines of Business

We clarify that organizations offering both MMPs and non-MMP Medicare health plan options in a service area may only market MMP offerings in their MMP materials.

Section 40.8.3 – Marketing Materials from Third Parties that Provide Non-Benefit/Non-Health Services

In addition to the guidance in this section, CMS and the State clarify that materials produced by the State and distributed by its enrollment broker do not constitute non-benefit/non-health service-providing third party marketing materials. Therefore, such materials do not need to be submitted to the plan sponsor for review prior to their use. As indicated in the CMS “Announcement of Calendar Year (CY) 2013 Medicare Advantage Capitation rates and Medicare Advantage and Part D Payment Policies and Final Call Letter” released on April 2, 2012, the CMS Medicare Marketing Guidelines do not apply to communications by State governments, and materials created by the State do not need to be reviewed or submitted in HPMS. However, CMS and the State agree to work together in the development of these materials.

Section 40.10 – Standardization of Plan Name Type

As is the case for other Medicare health plans, MMPs will be required to include the plan type in each plan’s name using standard terminology consistent with the guidance provided in this section. CMS has created the standardized plan type label “Medicare-Medicaid Plan” to refer generically to all plans participating in a Capitated Financial Alignment Demonstration. MMPs must use the “Medicare-Medicaid Plan” terminology consistent with the requirements of section 40.13 of the Medicare Marketing Guidelines, which include a requirement that an MMP use the “(Medicare-Medicaid Plan)” standardized plan type label following the plan name at least once on the front page or beginning of each marketing piece. Ohio will also refer to MMPs as Medicare-Medicaid Plans and will provide additional information about branding for the demonstration. MMPs will be required to use the name “MyCare Ohio” in the plan name.

CMS is unable to create State-specific plan type labels in HPMS for each State’s demonstration plans; therefore all MMPs will be referred to by the standardized plan name type “Medicare-Medicaid Plan” in CMS’ external communications – e.g., the Medicare & You handbook and the Medicare Plan Finder tool on www.medicare.gov. Thus, we clarify that MMPs must use the CMS standardized plan type – <plan name, including “MyCare Ohio> (Medicare-Medicaid Plan) – once in their materials.

In addition, we clarify that MMPs in Ohio that offer Medicare Advantage products, including SNPs, in the same service area as their MMPs, may not use the same plan marketing name for both those products in order to reduce beneficiary confusion. Thus, for example, an organization offering both a SNP and an MMP in the same service area could not use the same name – e.g., Acme Duals Care (HMO SNP) – for its SNP product as for its MMPs product – e.g., Acme Duals Care (Medicare-Medicaid Plan).

Section 50.1 – Federal Contracting Disclaimer

This section is replaced with the following revised guidance:

Section 50.1 – Federal and State Contracting Disclaimer

42 CFR 422.2264, 423.2264

All marketing materials must include the statement that the MMP contracts with both the Federal and the State government. The following statement must be used:

“<Plan’s legal or marketing name> is a health plan that contracts with both Medicare and Ohio Medicaid to provide benefits of both programs to enrollees.”

NOTE: Banner and banner-like ads, envelopes, outdoor advertising, radio, television and Internet banner ads do not need to include the Federal and State contracting disclaimer.

Section 50.2 – Disclaimers When Benefits are Mentioned

This section is replaced with the following revised guidance:

Section 50.2 – Disclaimers When Benefits Are Mentioned

42 CFR 422.111(a), 422.111(b), 422.111(f), 423.128(b)

The following disclaimers must be used when benefit information is included in marketing materials:

Only for summary documents like the Summary of Benefits: “This is not a complete list. The benefit information is a brief summary, not a complete description of benefits. For more information contact the plan or read the Member Handbook.”

“Limitations [, copays,] and restrictions may apply. For more information, call <plan name> <Member Services> or read the <plan name> Member Handbook.”

“Benefits, List of Covered Drugs, pharmacy and provider networks [and/or copayments] may change from time to time throughout the year and on January 1 of each year.”

Section 50.3 – Disclaimers When Plan Premiums are Mentioned

This section does not apply to MMPs, as MMPs are not permitted to assess plan premiums, and States will pay Medicare Part B premiums on behalf of Medicare-Medicaid enrollees in MMPs. MMPs will not be permitted to refer to plan premiums in any of their marketing materials.

Section 50.4 – Disclaimer on Availability of Non-English Translations

This section is replaced with the following revised guidance:

Section 50.4 – Disclaimer on Availability of Non-English Translations

42 CFR 422.2264(e), 423.2264(e)

Plan sponsors that meet either: (1) Medicare’s five (5) percent threshold for language translation (Refer to section 30.7); or (2) the relevant Medicaid translation standard must place the following alternate language disclaimer on all materials as required in section 30.7.

“You can get this information for free in other languages. Call <toll-free number>. The call is free.”

The alternate language disclaimer must be placed in both English and all non-English languages that meet the more stringent of either the Medicare or the Medicaid translation standard (which, for CY 2014, is Spanish for all Ohio MMPs). The non-English disclaimer must be placed below the English version and in the same font size as the English version.

NOTE: ID cards are excluded from this requirement.

Section 50.5 – SNP Materials

We clarify that the prohibition on discussion of numeric Special Needs Plan (SNP) approval scores in marketing materials or press releases also applies to MMPs. MMPs may only include the following information related to their National Committee for Quality Assurance (NCQA) model of care approval:

“<Plan name>has a Model of Care approved by the National Committee for Quality Assurance (NCQA) and Ohio Medicaid until < last contract year of NCQA and State approval of model of care> based on a review of <plan name>’s Model of Care.”

Section 50.6 – Dual Eligible SNP Materials

This section is replaced with the following revised guidance:

Section 50.6 – MMP Materials Including Part D Benefit Information

42 CFR 422.2, 422.4(a)(1)(iv), 422.111(b)(2)(iii), 422.2264, 423.2264

The following disclaimer must be on any MMP materials that mention Part D benefits, unless the plan charges \$0 copays for all Part D drugs:

“Copays for prescription drugs may vary based on the level of Extra Help you receive. Please contact the plan for more details.”

Section 50.12 – Disclaimer for Plans Accepting Online Enrollment Requests

This section does not apply to MMPs, as the Online Enrollment Center on the Medicare Plan Finder website will not be available to MMPs.

Section 50.13 – Disclaimer When Using Third Party Materials

This section applies to MMPs with the following modification to the disclaimer language:

“Neither Medicare nor the State] has reviewed or endorsed this information.”

Section 50.14 – Disclaimer When Referencing Star Ratings Information

Because MMPs will be too new to measure under the CMS plan (star) rating system, this section does not apply to MMPs.

Section 60.1 – Summary of Benefits

This section is replaced with the following revised guidance:

Section 60.1 – Summary of Benefits

42 CFR 422.111(b)(2), 422.111(f), 423.128(b)(2)

MMPs must use the Summary of Benefits (SB) model document provided to Ohio MMPs by CMS and the State. The SB must contain a concise description of the important aspects of enrolling in the plan, as well as the benefits offered under the plan, including applicable co-pays, applicable conditions and limitations, and any other conditions associated with receipt or use of benefits.

The Multi-Language Insert must be included with the SB.

Section 60.2 – ID Card Requirements

MMPs are required to meet the ID card content requirements in sections 60.2, 60.2.1, and 60.2.2. We clarify, however, that MMPs must issue a single ID card meeting these requirements for all services offered under the plan. Separate pharmacy and health benefits ID cards will not be permitted. MMPs must use the model ID card document provided to Ohio MMPs by CMS and the State.

Section 60.4 – Directories

The pharmacy and provider directory requirements in sections 60.4, 60.4.1, 60.4.1.1, and 60.4.2 apply to MMPs with the following modifications:

- MMPs are required to make available a single, combined pharmacy/provider directory. Separate pharmacy and provider directories will not be permitted;
- At the time of enrollment and then as required thereafter, MMPs have the option to either mail a pharmacy/provider directory or to mail a document that provides enrollees with information about how to access the directory on the MMP website, as well as how to call the plan’s customer service call center to request assistance with locating providers and request that a pharmacy/provider directory be mailed to them;
- The combined pharmacy/provider directory must include all network providers and pharmacies, regardless of whether they provide Medicare, Medicaid, or additional benefits;
- For MMPs with multi-county service areas, the combined pharmacy/provider directory may be provided for all providers by county, provided the directory includes a disclaimer that the directory only includes providers in that particular county (or counties) and that the enrollee may contact the plan’s customer service call center to request assistance with locating providers in other counties or to request a complete pharmacy/provider directory; and
- MMPs must use the model pharmacy/provider directory document provided to Ohio MMPs by CMS and the State.

Section 60.5 – Formulary and Formulary Change Notice Requirements

The requirements of section 60.5, 60.5.1, 60.5.2, 60.5.3, 60.5.4, 60.5.5, and 60.5.6 apply to MMPs with the following modifications:

- MMPs must provide a comprehensive integrated formulary that includes Medicare and Medicaid outpatient prescription drugs and pharmacy products provided under the plan;
- MMPs will only be permitted to provide comprehensive formularies, not abridged formularies;
- MMPs must use the model formulary document provided to Ohio MMPs by CMS and the State; and
- Formulary change notices must be sent for any negative formulary change (as described in section 30.3.3, “Midyear Formulary Changes,” and section 30.3.4, “Provision of Notice Regarding Formulary Changes,” of Chapter 6 of the Prescription Drug Benefit Manual), regardless of whether the negative formulary change applies to an item covered under Medicare or Medicaid, or as an additional drug benefit under the plan. Consistent with the guidance in the Medicare Marketing Guidelines, this notice must be provided to affected enrollees at least 60 calendar days prior to the change.

Section 60.7 – Annual Notice of Change (ANOC) and Evidence of Coverage

This section is replaced with the following revised guidance:

Section 60.7 – Annual Notice of Change (ANOC) and Evidence of Coverage (EOC) (Member Handbook)

42 CFR 422.111(a)(3), 422.111(d)(2), 423.128(a)(3)

MMPs are required to send an Annual Notice of Change (ANOC) summarizing all major changes to the plan's covered benefits from one contract year to the next prior to the beginning of the second contract year of the demonstration and annually thereafter. The MMP may send the ANOC and EOC (Member Handbook) as a combined document or separately, as provided below.

MMPs must send the ANOC for member receipt by September 30 each year. The EOC (Member Handbook) may be sent as a standalone document as follows:

- MMPs must send new enrollees (whether they self-select into the demonstration or are passively enrolled) an EOC (Member Handbook) for member receipt by the end of the month preceding the month the enrollment will take effect (e.g., the document must be received by a beneficiary by June 30 for a July 1 effective enrollment date). For late month enrollment transactions (those for which CMS confirmation of enrollment is received less than ten (10) calendar days before the end of the month prior to the effective date), MMPs must send these materials no later than ten (10) calendar days from receipt of CMS confirmation of enrollment.
- After the time of initial enrollment, MMPs must annually send an EOC (Member Handbook) for member receipt by December 31. MMPs choosing this option (rather than a combined ANOC/EOC (Member Handbook) by September 30) must also send an SB with the ANOC.

New enrollees with an effective date of October 1, November 1, or December 1 should receive both an EOC (Member Handbook) for the current contract year, as well as a combined ANOC/EOC (Member Handbook) document for the upcoming contract year. We clarify that, for these members, the combined ANOC/EOC (Member Handbook) for the upcoming year, as well as the formulary, and pharmacy/provider directory (or information about how to access the directory online or obtain a hard copy) for the upcoming year, must be received by one month after the effective date of enrollment, but not later than December 15th.

Additional materials beyond the materials required to be sent with the ANOC/EOC or ANOC and EOC may not be included with the ANOC, EOC, or ANOC/EOC mailing.

To ensure that MMPs are mailing their annual ANOC/EOC (Member Handbook) in a timely manner, plan sponsors must indicate the actual mail date in HPMS within fifteen (15) calendar days of mailing. MMPs that mail in waves should enter the actual date for each wave. For instructions on meeting this requirement, refer to the *Update Material Link/Function* section of the Marketing Review Users Guide in HPMS.

MMPs must use the ANOC/EOC (Member Handbook) errata model to notify enrollees of any errors in their original mailings.

Section 60.8 – Mid-Year Changes Requiring Enrollee Notification

The notification requirements for mid-year Medicare benefit changes described in this section will also be applicable to mid-year Medicaid or required demonstration additional benefit changes.

Section 70.2- Rewards and Incentives

We are considering providing Ohio MMPs with greater flexibility to provide rewards and incentives to current members for \$0 preventive services than currently exists in section 70.2 of the Medicare Marketing Guidelines. In particular, we are considering waiving the \$15 limit per reward limit in order to further incentivize current enrollees to engage in health promotion behaviors, subject to review and approval of each plan’s Contract Management Team. Approval of reward and incentive programs would be based on a valuation of the reward vis-à-vis the preventive service being incentivized. We solicit comments on this proposal, including on the need to balance opportunities for innovative health promotion activities with appropriate oversight by CMS and Ohio.

Section 70.5 – Marketing Through Unsolicited Contacts

In addition to the requirements of section 70.6, MMPs conducting permitted unsolicited marketing activities such as mail and other print media are required to include the following disclaimer on all materials used for that purpose:

“For information on <Plan name> and other options for your health care, call the Ohio Medicaid Hotline at 1-800-324-8680 (voice) or 1-800-292-3572 (TTY), or visit <http://www.ohiomh.com/>.

For purposes of this section, enrollment materials sent to passively enrolled individuals are not considered marketing through unsolicited contact.

Section 70.7 – Outbound Enrollment and Verification Requirements

Since all enrollments into MMPs will be submitted by the State enrollment broker, the requirements of this section do not apply.

Section 70.9.2 – Personal/Individual Marketing Appointments

Since Ohio MMPs will not be allowed to market directly to individual potential enrollees, the requirements of this section do not apply.

Section 70.11 – Marketing in the Health Care Setting

The flexibility provided in the last paragraph of this section for long-term care facility staff to provide residents meeting the eligibility criteria for an Institutional Special Needs Plan (I-SNPs) with a prior approved explanatory brochure for each I-SNP with which the facility contracts is also applicable to

MMPs. This flexibility is also applicable to staff in chronic and psychiatric hospitals for MMP-eligible individuals, post-stabilization.

Section 70.12.5 – Comparative and Descriptive Plan Information Provided by a Non-Benefit/Non-Health Service-Providing Third Party

We clarify that the guidance in this section referring to materials provided by a “State agency” also applies to materials produced by the State’s enrollment broker.

Section 80.1 – Customer Service Call Center Requirements

This section is replaced with the following revised guidance:

Section 80.1 – Customer Service Call Center Requirements

42 CFR 422.111(h)(1), 423.128(d)(1)

MMPs must operate a toll-free call center for both current and prospective enrollees seven (7) days a week, at least from 8:00 A.M. to 8:00 P.M. ET, except as provided below. During this time period, current and prospective enrollees must be able to speak with a live customer service representative. For CY 2014, MMPs may use alternative technologies on Saturdays, Sundays, and Federal holidays in lieu of having live customer service representatives. For example, an MMP may use an interactive voice response system or similar technologies to provide the required information listed below, and/or allow a beneficiary to leave a message in a voice mail box. A customer service representative must then return the call in a timely manner, no more than one business day later.

Call centers must meet the following operating standards:

- Provide information in response to inquiries outlined in § 80.1.2 – 80.4.
- Follow an explicitly defined process for handling customer complaints.
- Provide interpreter service to all non-English speaking, limited English proficient and hearing impaired beneficiaries.
- Inform callers that interpreter services are “free.”
- Limit average hold time to two (2) minutes. The average hold time is defined as the time spent on hold by the caller following the interactive voice response (IVR) system, touch tone response system, or recorded greeting and before reaching a live person.
- Answer eighty (80) percent of incoming calls within thirty (30) seconds.
- Limit the disconnect rate of all incoming calls to five (5) percent.

For Pharmacy Technical Help or Coverage Determinations and Appeals Call Center requirements refer to Appendix 4.

Section 80.2 – Requirements for Informational Scripts

We clarify that informational calls to plan call centers that become sales/enrollment calls at the proactive request of the beneficiary must be transferred to Ohio's enrollment broker. Plan customer service staff must remain on the telephone with the beneficiary until the transfer is complete.

Section 90 – The Marketing Review Process

Any references in this section, and in all subsections thereunder, to CMS in its role in reviewing marketing materials are also references to the State for purposes of MMP marketing material review.

Section 90.2.3 –Submission of Multiplan Materials

This section does not apply to MMPs.

Section 90.3 – Material Status

We clarify that, for purposes of MMP materials, there will be no “deeming” of materials requiring either a dual review by CMS and the State or a one-sided State review, and materials will remain in a “pending” status. Materials that require a CMS-only review will deem after the respective 10- or 45-day review period. All other guidance in this section and its subsections applies.

Section 90.5 – Time Frames for Marketing Review

We clarify that, for purposes of MMP materials, there will be no “deeming” of materials requiring either a dual review by CMS and the State or a one-sided State review, and materials will remain in a “pending” status. Materials that require a CMS-only review will deem after the respective 10- or 45-day review period. All other guidance in this section and its subsections applies.

Section 90.6 – File & Use Program

We clarify that the File & Use program certification program for MMPs will be handled through the three-way contract. All other guidance in section 90.6 and all its subsections applies.

Section 90.6.1 – Restriction on the Manual Review of File & Use Eligible Materials

This section does not apply to MMPs.

Section 100.2 – Required Content

In addition to the requirements outlined in this section, MMPs must also include on their websites a direct link to the following website: <http://www.ohiomh.com/>. MMPs must also include information on the potential for contract termination, and information that materials are published in alternate formats (e.g., large print, Braille, audio CD).

Section 100.2.1 – Required Documents for All Plans /Part D Sponsors

Because MMPs will be too new to measure under the CMS star rating system, MMPs will not be required to post a CMS plan ratings document on their websites.

Section 100.2.2 – Required Documents for Part D Sponsors

MMPs will not be required to post the LIS Premium Summary Chart, as this document will not be applicable to MMPs.

Section 100.3 – Electronic Enrollment

This section is not applicable to MMPs. The Online Enrollment Center will not be enabled for MMPs, and MMPs will not be permitted to directly enroll individuals through a secure Internet website. All enrollments will be processed via the State enrollment broker.

Section 100.5 – Online Formulary, Utilization Management (UM), and Notice Requirements

Formulary change notices applicable to all formulary changes (not just Part D drug changes) must be maintained on MMPs' websites as required in this section.

Section 120 – Marketing and Sales Oversight and Responsibilities

The provisions in this section and all its subsections applicable to independent agents/brokers does not apply to MMPs since the use of independent agents/brokers will not be permitted. All MMP enrollments will be processed by the State enrollment broker.

Section 150 – Use of Medicare Mark for Part D Sponsors

We clarify that MMPs will be required to sign a licensing agreement to use the official Medicare Mark as part of the three-way contract, rather than through the HPMS contracting module. All other guidance section 150 and all its subsections applies.

Section 160.4 – Sending Non-plan and Non-health Information Once Prior Authorization is Received

The disclaimer described in this section should be modified as follows:

“Neither Medicare nor Ohio Medicaid has reviewed or endorsed this information.”
