SUBJECT: Updated Information Regarding CY 2014 Medicare Plan Finder (MPF) Submissions by Medicare-Medicaid Plans (MMPs) in Illinois

Given that Illinois' Capitated Financial Alignment Demonstration is expected to begin enrollment on February 1, 2014 and that Medicare-Medicaid Plans (MMPs) in Illinois may begin marketing on January 1, 2014, this memorandum provides updated information on the required resumption of CY 2014 biweekly drug pricing data submissions for display in the Medicare Plan Finder (MPF) tool on [www.medicare.gov](http://www.medicare.gov). In our July 24, 2013 HPMS memorandum, "Information Regarding CY 2014 Medicare Plan Finder (MPF) Submissions by Medicare-Medicaid Plans (MMPs)," CMS announced a delay of the biweekly data pricing submissions for MMPs with contract effective dates in 2014. Having data displayed on the MPF is important because it allows beneficiaries to compare available plans based on the expected costs and coverage of their drugs.

MMPs in Illinois may submit CY 2014 drug pricing files at any time, but they must begin to do so no later than the December 9-10, 2013 Plan Finder Pricing Data Submission Window. This timing will be sufficient to ensure there are no issues with these submissions prior to the January 6, 2014 display of pricing data on MPF. We encourage earlier submission so that plans can resolve any issues that would result in suppression of drug pricing on MPF starting on January 6, 2014.

For more information about the pricing file requirements, please refer to the CY 2014 Pricing Data Guidelines located at [http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/RxContracting\\_FormularyGuidance.html](http://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/RxContracting_FormularyGuidance.html) in the download called "2014 Pricing Data Guidelines and Calendar (V04.30.13)."
