Re: New Fraud Awareness Inserts

The Centers for Medicare & Medicaid Services' (CMS) Center for Program Integrity (CPI) has recently released three new fraud awareness inserts on the CMS Outreach & Education (O&E) Medicare Drug Integrity Contractor (MEDIC) website to help your enrollees protect themselves from fraud. The inserts provide guidance on detecting potential Home Health Fraud, reporting potential Medical Transport Services Fraud, and recognizing potential Health Insurance Market Place Fraud.

These new inserts are offered for your use as part of CMS' continued commitment to provide MAOs and PDPs with outreach tools and educational products that will further efforts to detect and prevent fraud, waste, and abuse in Medicare Parts C and D. MAOs and PDPs may print the inserts and include them in beneficiary plan statements or other materials that are mailed to enrollees.

To begin using these outreach tools, please go to the "Free Resources" page of the CMS O&E MEDIC website at <http://medic-outreach.rainmakersolutions.com/free-resources>, and follow the instructions provided on the site.

In the coming months, additional tools will be available on the website to assist in the effort to detect and prevent fraud. If you have questions about the CMS O&E MEDIC website or outreach tools, please email [DPOACommunications@cms.hhs.gov](mailto:DPOACommunications@cms.hhs.gov) and carbon-copy [MEDIC-Outreach@rainmakersolutions.com](mailto:MEDIC-Outreach@rainmakersolutions.com)
