**Date:** April 12, 2023

**Subject:** CY 2024 Bid-Related Updates in HPMS - 4/11/2023

CMS released the following bid-related updates last night:

### **Plan Benefit Package:**

- Service Category 7 (Health Care Professional Services) in the Benefit Details section was showing as "In Progress" when all of the child benefits of service category 7 are showing as "Completed."
- Service Category 9 (Outpatient Hospital Services) in the Benefit Details section was showing as "In Progress" when all of the child benefits of service category 9 are showing as "Completed."
- The PBP was permitting services that cannot be offered as part of the POS benefits to apply to the POS maximum plan benefit coverage amount. The system should only allow the services that can be offered as POS benefits to apply to the POS Maximum plan benefit coverage amount.
- The downloaded JSON report was showing contractYear as a string instead of number (e.g., ""contractYear"":""2024"" instead of ""contractYear"":2024").
