**Subject:** CY 2024 Bid-Related Updates in HPMS - 4/13/2023

CMS released the following bid-related updates last night:

### **Plan Benefit Package:**

- PBP data reports for service category 10a were displaying the copay and coinsurance in the incorrect order.
- There were some incorrect validation errors in the Upload PBP API (e.g., “boOutOfNetwork” not permitting submit value “1” for service category 4c1).
- There were some discrepancies between the PBP UI and PBP download JSON file (e.g., for service category 1a1, no checkbox on the UI, but present in the JSON).
