**SUBJECT:** Second Plan Preview of 2023 Part C and D Star Ratings Data

The purpose of this memorandum is to inform Part C and D sponsors that they can preview their Star Ratings data in the Health Plan Management System (HPMS) prior to display on the Medicare Plan Finder (MPF). The second plan preview will be available September 8, 2022 and will end on September 15, 2022 at 5:00 p.m. ET. We have made measure data revisions and Technical Notes updates following the first plan preview. Additionally, each contract's preliminary Star Ratings for each measure, domain, summary score, and overall score will be displayed, including any applicable disaster adjustments. We have also added a file in HPMS with data for one Part C and one Part D measure for contracts to check the CMS programming. The 2023 Star Ratings are scheduled to be released via the MPF on Medicare.gov on or about October 6, 2022.

During this second plan preview, CMS expects Part C and D sponsors to again closely review their posted data for each measure, as well as their preliminary Star Rating assignments. Sponsors should *immediately* alert CMS of any suspected data issues or errors during the plan preview in order to allow sufficient time to investigate and process any necessary data corrections. If you print or save the data displayed on the HPMS Star Rating preview pages, please double check the current values online prior to submitting emails in case any updates have been made. Prior to the release of data on the MPF, all data in HPMS will be updated with the final 2023 Star Ratings. As a reminder, we are unable to make changes to the 2023 Star Ratings methodology that has previously been codified at §§ 422.160 - 422.166 and 423.180 - 423.186.

**Instructions for Accessing Preview Data:**

- To access the Part C and D Star Ratings preview in HPMS, select: "Quality and Performance," then "Performance Metrics," then "Reports," then "Star Ratings and Display Measures," then "Star Ratings," and then select 2023 for the report period.
- The draft 2023 Part C & D Star Ratings Technical Notes are available by selecting the "Download" link, then "Technical Notes" within the Star Ratings module.
