

## HPMS E-Mail

**Date:** April 22, 2024

**Subject:** Save the Date - PACE Technical Assistance Call: Submission of Risk Adjustment Data to the Encounter Data System

### ***SAVE THE DATE!***

CMS is pleased to announce we will hold a PACE Technical Assistance Call on the submission of risk adjustment data to the Encounter Data System (EDS) on **June 13, 2024, from 2:00 – 3:00 p.m. ET**. Please note, call registration information will be released via HPMS in late May.

On this call, CMS will provide an overview of the technical instructions for submission to the EDS, and a review of EDS processing. In addition, CMS will hold a question-and-answer session to respond to questions submitted during and prior to the call. The call is open to all PACE organization staff. PACE organizations are also encouraged to share this notification with their third-party submitters or other technical partners who assist with EDS submissions.

CMS encourages PACE organizations and their submitters to review previously released technical instructions and resources on this topic in advance of the call. See “[PACE Organization Risk Adjustment Submissions to the Encounter Data System](#),” published January 29, 2024, and “[PACE Encounter Data Technical Assistance User Group Call](#),” held on April 7, 2022.

In addition to the live question and answer session, CMS will review submission examples and respond to questions from PACE organizations regarding submission scenarios that have been received by Friday, May 10, 2024.
