## Connecting Kids to Coverage National Campaign

July 27, 2022

# Medicaid and CHIP Continuous Enrollment Unwinding

The Public Health Emergency, which enables temporary waivers of certain Medicaid and the Children's Health Insurance Program (CHIP) requirements and is linked to certain requirements for states, is currently active until October 13, 2022:

- Once the Public Health Emergency ends, states will begin to resume normal eligibility and enrollment actions, including terminations of coverage.
- **The Connecting Kids to Coverage National Campaign will encourage beneficiaries to update their contact information with their State Medicaid office so they don't miss out on important reminders.**
- Resources and additional information are available at [Medicaid.gov/Unwinding](https://www.Medicaid.gov/Unwinding), including a new [Communications Toolkit](#) and [graphics](#) in [English](#) and [Spanish](#)

# Connecting Kids to Coverage National Campaign Overview

- A national outreach and enrollment initiative established in 2009 to reach uninsured children and teens – and their families – who are eligible for Medicaid and/or CHIP, and in 2022 connect with families who are currently covered, but may lose health insurance due to Unwinding to keep them covered
- Informs about eligibility, the benefits children can receive, how to apply for coverage and maintain coverage
- Engages trusted national and community partners, including Connecting Kids to Coverage grantees
- Develops, customizes and distributes a variety of outreach materials (print, video, digital)

# HEALTHY KIDS 2022 Outreach & Enrollment Cooperative Agreements

Since grant funding began in 2009, more than 330 awards to eligible entities have been issued for approx. \$265M in total grant funding to community-based organizations, states, and local governments, and tribal organizations.

- Recently announced \$49M in cooperative agreements to 36 organizations in 20 states, authorized under the Helping Ensure Access for Little Ones, Toddlers, and Hopeful Youth by Keeping Insurance Delivery Stable Act of 2017.
- Grantees receive up to \$1.5M over three years to advance Medicaid and CHIP enrollment and retention.
- Grantees will provide enrollment and renewal assistance to children and their families, and – for the first time ever – to expectant parents to promote improved material and infant health outcomes.
- Listing of awards can be found on [InsureKidsNow.gov](https://InsureKidsNow.gov).

The website for Campaign information and resources

The screenshot shows the website's header with the logo on the left, the text "InsureKidsNow.gov" in the center, and navigation links on the right including "Search", "Get Email Updates", "En Español", and the phone number "1-877-KIDS-NOW (1-877-543-7669)". Below the header is a purple navigation bar with several menu items: "Find Coverage for Your Family", "Campaign Information", "Outreach Tool Library", "Webinars & Videos", "Campaign Notes eNewsletter", and "Initiatives". The "Outreach Tool Library" and "Initiatives" items are circled in orange, with orange arrows pointing from the word "Resources" above them to these two items. The main content area features a background image of a young girl blowing bubbles. A white text box on the left contains the following text: "Millions of children and teens qualify for free or low-cost health and dental coverage through Medicaid & the Children's Health Insurance Program (CHIP). [Learn about coverage options](#) for your family or help us [spread the word](#) about free or low-cost health insurance coverage!"

# Back-to-School Initiative

Students who have health coverage are better able to learn and participate in school activities. Campaign materials encourage families enroll in Medicaid and CHIP and utilize services as kids head back to school. **And the 2022 initiative will remind people enrolled in Medicaid or CHIP to make sure their address with their state Medicaid office is up-to-date so they receive important updates by mail.**

# Key Messages for Back-to-School

- ***Get Ready to Renew Now***

Enrollees who have Medicaid and CHIP coverage for their families can get ready to renew now by making sure their State Medicaid office has their current mailing address, phone number, email, or other contact information. This way, they'll be able to contact them when it is time to renew.

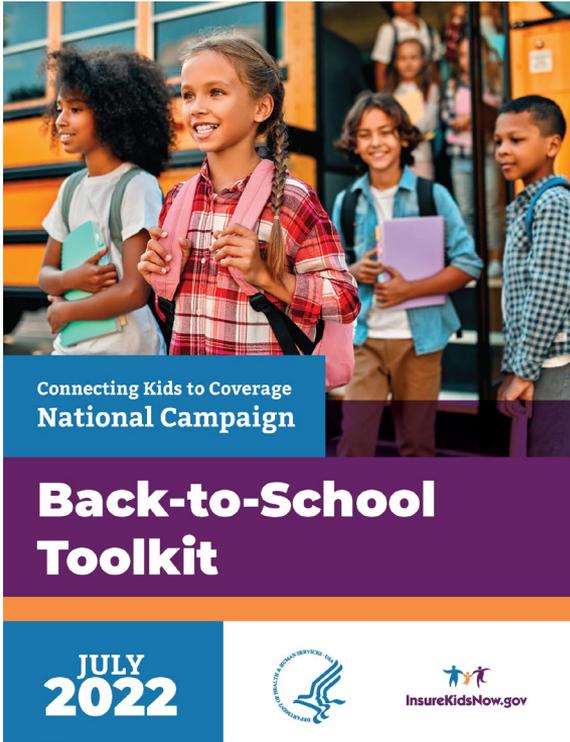

- ***Back-to-School is an Important Time to Talk Health Coverage***

Having health insurance is critical for children to thrive at school and in life. Children with health insurance are more likely to complete high school and graduate college compared with their peers who don't have access to care.

- ***Your Child May be Eligible for Medicaid and CHIP***

Medicaid and CHIP **offer free or low-cost health insurance** for children and teens up to age 19 in families with low and moderate incomes.

**Cobertura para ellos.  
Tranquilidad para usted.**

Con Medicaid y CHIP, los niños y adolescentes de hasta 19 años reciben atención médica esencial si están enfermos o lesionados. Los niños están cubiertos para servicios preventivos y de emergencia, chequeos regulares, vacunas, visitas al médico y al dentista, servicios de salud mental, medicinas recetadas y más a través de estos programas de seguro médico gratuitos o de bajo costo. Las familias de cuatro que ganan hasta casi \$50,000 (o incluso más en algunos estados) pueden calificar. Usted y sus hijos pueden ser elegibles ahora, incluso si ya habían solicitado.

Visite [InsureKidsNow.gov](http://InsureKidsNow.gov) o llame al 1-877-KIDS-NOW (543-7669) para hablar con un especialista en inscripción y para inscribirse hoy. La inscripción está abierta todo el año.

  - Grantees must include their project officers on the email)

**Think Teeth**  
Every Step of The Way

**Give your baby healthy teeth from the start. It's easy!**

- Gently brush baby's teeth twice a day. Use a tiny amount of fluoride toothpaste.
- Take your baby to the dentist by her first birthday. Continue regular check-ups as recommended.
- Tooth decay is caused by bacteria. Your baby can "catch" the bacteria from you.
  - Keep your mouth healthy.
  - Don't share cups or spoons.
- Put only water, milk, or formula in bottles or sippy cups.
- Don't put your baby to bed with a bottle or sippy cup.
- Limit sweet snacks and sugary drinks, including juice.

Medicaid and the Children's Health Insurance Program (CHIP) cover children's dental services, such as teeth cleanings, check-ups, x-rays, fluoride, dental sealants, and fillings. Your child could be eligible!

To enroll your child, call 1-877-KIDS-NOW (543-7669) or visit [InsureKidsNow.gov](http://InsureKidsNow.gov). Already covered? Use the Dentist Locator on [InsureKidsNow.gov](http://InsureKidsNow.gov) to find a dentist near you and call to schedule a dentist appointment today.

### ■ FAQs

#### ✓ How can we order additional flyers?

- BTS and PHE flyers and posters can be ordered through the Cover Virginia Materials portal at <https://coverva.org/en/materials>. Flyers can be ordered in quantities of 25 or more.

#### ✓ Is there a cost to additional flyers?

- There is no cost for any number of flyers available on the website.

#### ✓ When will the flyers be delivered to the schools?

- BTS flyers are typically delivered to schools late July through mid-August
- PHE fliers (member and stakeholder) and the poster are available online for ordering

#### ✓ When will schools be handing out the flyers to students and/or parents?

- It is up to the schools when they plan to hand out the Back to School and PHE flyers.
- Past strategies: Back to School packets, handed out at Back to School Night, or sent home throughout the school year.

#### ✓ Where can I go to find out more information about the types of outreach being done?

- More information is available on the Cover Virginia website on the Back to School and COVID-19 pages.

#### ✓ Should my family reach out to start the renewal process?

- First make sure your information is up to date.
- Wait to receive something from DMAS before starting the redetermination process
