

Medicare Coverage Database Latest Site Updates – August 2024

New functionality has been incorporated into the CMS Medicare Coverage Database (MCD). These changes became effective 8/29/2024:

Reports:

1. Added a pre-filtered, National Coverage report view called NCD Report – Lab NCDs Only. This new report view can be found in the Reports menu under the NCD Reports sub-menu and on the MCD Reports page. The Lab NCDs Only report provides quick access to the 23 NCDs developed for clinical diagnostic laboratory services under negotiated rulemaking proceedings.

Help & Resources:

2. Updated the How To – Reports guide to include the new Lab NCDs Only report. The How To guides can be found in the How To Library tile on the Help & Resources page.
