

Read Me File for 2016 Durable Medical Equipment, Prosthetics/Orthotics & Supplies (DMEPOS) Fee Schedule Public Use File (PUF)

Disclaimer: Inclusion or exclusion of a fee schedule for an item or service does not imply any health insurance coverage.

File Name: Because of the DMEPOS fee schedule's semiannual or quarterly (as necessary) update process, the executable you receive will be named for the quarterly release corresponding to that file. Effective January 1, 2016, a quarterly rural ZIP Code file will be used to determine rural fee schedule payment applicability for codes with rural and non-rural adjusted fee schedule amounts based on information from competitive bidding program (CBPs). The following naming conventions will be used to identify each DMEPOS fee schedule PUF. **Note:** The January fee schedule record layouts are updated from 2015 and will be updated again with the release of the July 2016 files. The DMEPOS Rural ZIP Code File, when available, will be included in the ZIP file with the DMEPOS fee schedule for that update.

DME_ZIP16_A.zip: January 2016 release
DME_ZIP16_B.zip: Second Quarter 2016 release
DME_ZIP16_C.zip: Third Quarter 2016 release
DME_ZIP16_D.zip: Fourth Quarter 2016 release

File Contents: You have received a compressed file. When decompressed, this file explodes into eight separate files: DMEBACK which outlines the policy origins of the DMEPOS fee schedule (in .pdf formats); DMEREAD which contains general information about the file's content, background, organization, update schedule, and record layout (in .pdf formats); the DMEPOS fee schedule data available in Excel (.xls) and comma delimited (.csv) formats and in an ASCII text (txt) which contains the fee schedule data in a non-grid format (i.e, one fee schedule per record); and the Parenteral and Enteral Nutrition Items and Services (PEN) fee schedule data available in Excel (.xls), comma delimited (.csv) and ASCII text (.txt) formats.

Additionally, the quarterly release files will contain DMECHNG (in Excel (.xls) and comma delimited (.csv) formats) which identifies those prices which have changed during that quarterly update cycle.

Background: The DMEPOS fee schedule contains fee schedule amounts, for each procedure code subject to fee schedule payment methodologies. Beginning January 1, 2016, the DMEPOS and PEN

files will also contain fee schedule amounts for certain procedure codes that have been adjusted using information from the competitive bidding programs. Note: Fee schedule amounts for those codes not adjusted using competitive bidding information will only have fee schedule amounts in the non-rural (NR) columns. For the rural ZIP Code file, a rural area is defined at § 414.202 to mean: A geographic area represented by a postal zip code of at least 50 percent of the total geographic area of the area included in the zip code is estimated to be outside any metropolitan area (MSA). The definition of rural area also includes a geographic area represented by a postal zip code that is a low population density area excluded from a competitive bidding area in accordance with 42 CFR §414.210(g).

- File Organization:** This file contains a fee schedule amount, floor and ceiling (where applicable), jurisdiction, and category for each unique combination of procedure code, modifier code (where applicable), and state and is sorted in ascending DMEPOS category/procedure code/modifier order.
- Update Schedule:** The DMEPOS fee schedule will be updated on a semiannual or quarterly basis (as necessary) with the January 1 implementation date being the primary update for those codes not adjusted using competitive bidding information. In addition to the January file, updated PUFs will be available in early July and possibly April and October. These PUFs will be complete replacement files for the DMEPOS fee schedule, not only the changes. Please refer to the File Name section for the names used to identify each release.
- Record Layout:** See Attachments A-1, A-2, A-3, A-4, and A-5.

6--CEILING

Maximum fee schedule amount for certain items for areas within the contiguous United States. This field will be filled with zeros for codes adjusted using information from the competitive bidding program.

Please note that since E0607 is priced via national Inherent Reasonableness, it is not priced using floors and ceilings. For E0607, this field will be filled with zeros.

Since pricing amounts for E1405 and E1406 were developed by summing pricing amounts from source codes, they are not subject to ceilings and floors.

Those items which are priced using special payment rules do not have floors and ceilings; these fields will be filled with zeros. This includes non-mail order (no-KL) codes A4233, A4234, A4235, A4236, A4253, A4256, A4258, A4259 that are priced using National Mail order single payment amounts. Splints, casts, and certain Intraocular Lenses (IOLs) are priced using national fee schedule amounts and not subject to ceilings and floors. Please note that the payment amounts for E0935 represent a daily rather than a monthly payment amount.

7--FLOOR

Minimum fee schedule amount for certain items for areas within the contiguous United States. This field will be filled with zeros for codes adjusted using information from the competitive bidding program.

Please note that since E0607 is priced via national Inherent Reasonableness, it is not priced using floors and ceilings. For E0607, this field will be filled with zeros.
