

**IRF-PAI V1.11.1 Data Specifications Errata****Issues Added: 06/13/2014**

<b>Issue ID</b>	<b>Problem</b>	<b>Resolution</b>	<b>Status</b>
01	<b>Critical Problem</b> Six of the valid values for the impairment group items (21A and 21D) are missing a trailing 0 that should be included in the values.	<b>The following values for the impairment group items (21A and 21D) will be corrected as follows:</b> <ul style="list-style-type: none"><li>• 0004.11 will be corrected to 0004.110</li><li>• 0004.12 will be corrected to 0004.120</li><li>• 0004.13 will be corrected to 0004.130</li><li>• 0004.21 will be corrected to 0004.210</li><li>• 0004.22 will be corrected to 0004.220</li><li>• 0004.23 will be corrected to 0004.230</li></ul>	These changes will be made in the next version of the IRF-PAI Data Submission Specs.

**Issues Added: 07/10/2014**

<b>Issue ID</b>	<b>Problem</b>	<b>Resolution</b>	<b>Status</b>
02	<p><b>Critical Problem:</b> The text for edit -5009 is:</p> <p>Inconsistent Influenza Vaccination date: If a valid date is entered for the Influenza Vaccination Date (O0250B), then that date must be on or after the admission date (12) and on or before the discharge date (40).</p> <p>If the patient has a prior stay in the IRF during the influenza season, then vaccination could have been given during that prior stay and before the admission date of the current stay.</p>	<p><b>Edit -5009 will be revised as follows:</b></p> <p>Inconsistent Influenza Vaccination date: If a valid date is entered for the Influenza Vaccination Date (O0250B), then that date must be on or after the birthdate (6) and on or before the discharge date (40).</p>	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>
03	<p><b>Minor Issue:</b> The text for edit -5006 is:</p> <p>Inconsistent M0210_1 value: If unhealed pressure ulcers present on admission (M0210_1) is equal to [0] (No), then the number of unhealed pressure ulcers at each Stage at admission (M0300A1_1 through M0300G1_1) must all be skipped with value of "No information" [^].</p> <p>The valid values for M0300A1_1 through M0300G1_1 include [^] but the value text is "Skipped".</p>	<p><b>The text for edit -5006 will be corrected to:</b></p> <p>Inconsistent M0210_1 value: If unhealed pressure ulcers present on admission (M0210_1) is equal to [0] (No), then the number of unhealed pressure ulcers at each Stage at admission (M0300A1_1 through M0300G1_1) must all be skipped with value of "Skipped" [^].</p>	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>

Issue ID	Problem	Resolution	Status
04	<p><b>Minor Issue:</b> he text for edit -5007 is:</p> <p>Inconsistent M0210_2 value: If unhealed pressure ulcers present on discharge (M0210_2) is equal to 0 (No), then the number of unhealed pressure ulcers at each Stage at discharge (M0300A1_2 through M0300G2_2) must all be skipped with value of "No information" [^] .</p> <p>The valid values for M0300A1_2 through M0300G1_2 include [^] but the value text is "Skipped".</p>	<p><b>The text for edit -5007 will be corrected to:</b></p> <p>Inconsistent M0210_2 value: If unhealed pressure ulcers present on discharge (M0210_2) is equal to 0 (No), then the number of unhealed pressure ulcers at each Stage at discharge (M0300A1_2 through M0300G2_2) must all be skipped with value of "Skipped" [^] .</p>	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>
05	<p><b>Minor Issue:</b> The text for edit -5044 includes extraneous spaces before the period at the end of the text:</p> <p>...equal to "Not answered-voluntary" [=] .</p>	<p><b>The text for edit -5044 will be revised to remove the spaces before the period at the end of the text.</b></p>	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>
06	<p><b>Clarification:</b> Many IRF-PAI items allow a valid value of "Text". There has been some confusion as to whether a value of "Text" allows a blank string. With V1.11.1 of the IRF-PAI data specifications no item can be blank.</p>	<p><b>The valid item value of "Text" will be replaced with a value of "Nonblank Text" to avoid confusion.</b></p>	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>

Issue ID	Problem	Resolution	Status																																						
07	<p><b>Critical Problem:</b> Entering a dash (indicating “not assessed/no information”) in any item involved in calculating a Quality Measure (QM) may result in a payment reduction of two percentage points for the applicable FY annual increase factor.</p> <p>Edit -5004 is intended to provide a warning whenever a dash is entered on any QM item. However edit -5004 in the current data specifications has the following two issues:</p> <ol style="list-style-type: none"><li>1. Two QM items, height (Item 25A) and weight (Item 26A), are used in QM calculation but were omitted from edit -5004.</li><li>2. The text for edit -5004 only refers to “items in the quality indicators section” and height and weight are in the payment section.</li></ol> <p>Edit -5004 needs to be corrected to include the height and weight items and the edit text needs to be changed to refer to all QM items, not just items in the quality section.</p>	<p><b>Edit -5004 will be revised as follows:</b></p> <p><b>Warning:</b> Entering a dash as a response to any Quality Measure item may result in a payment reduction of two percentage points for the applicable FY annual increase factor.</p> <p><b>Items:</b></p> <table><tr><td>25A</td><td>Height</td></tr><tr><td>26A</td><td>Weight</td></tr><tr><td>M0210_1</td><td>Pressure Ulcers Present on Admission</td></tr><tr><td>M0210_2</td><td>Pressure Ulcers Present on Discharge</td></tr><tr><td>M0300B1_1</td><td>Number of Stage 2 pressure ulcers: Admission</td></tr><tr><td>M0300B1_2</td><td>Number of Stage 2 pressure ulcers: Discharge</td></tr><tr><td>M0300B4_2</td><td>Nbr Disch Stg 2 PU new/worsened</td></tr><tr><td>M0300C1_1</td><td>Number of Stage 3 pressure ulcers: Admission</td></tr><tr><td>M0300C1_2</td><td>Number of Stage 3 pressure ulcers: Discharge</td></tr><tr><td>M0300C4_2</td><td>Nbr Disch Stg 3 PU new/worsened</td></tr><tr><td>M0300D1_1</td><td>Number of Stage 4 pressure ulcers: Admission</td></tr><tr><td>M0300D1_2</td><td>Number of Stage 4 pressure ulcers: Discharge</td></tr><tr><td>M0300D4_2</td><td>Nbr Disch Stg 4 PU new/worsened</td></tr><tr><td>I0900A</td><td>Peripheral Vascular Disease (PVD)</td></tr><tr><td>I0900B</td><td>Peripheral Arterial Disease ( PAD)</td></tr><tr><td>I2900A</td><td>Diabetes Mellitus (DM)</td></tr><tr><td>O0250A</td><td>Was influenza vaccine received</td></tr><tr><td>O0250B</td><td>Date influenza vaccine received</td></tr><tr><td>O0250C</td><td>If influenza vaccine not received, state reason</td></tr></table> <p><b>On 10/1/2014, CMS implemented Edit -5004 in the current versions of ASAP, IRVEN, and the VUT. The edit implemented did not include height and weight in the item list and did not use the revised text. The revised edit will be implemented in these systems on 10/1/2015 with the next full systems release. In the interim, software developers may wish to voluntarily implement the revised edit.</b></p>	25A	Height	26A	Weight	M0210_1	Pressure Ulcers Present on Admission	M0210_2	Pressure Ulcers Present on Discharge	M0300B1_1	Number of Stage 2 pressure ulcers: Admission	M0300B1_2	Number of Stage 2 pressure ulcers: Discharge	M0300B4_2	Nbr Disch Stg 2 PU new/worsened	M0300C1_1	Number of Stage 3 pressure ulcers: Admission	M0300C1_2	Number of Stage 3 pressure ulcers: Discharge	M0300C4_2	Nbr Disch Stg 3 PU new/worsened	M0300D1_1	Number of Stage 4 pressure ulcers: Admission	M0300D1_2	Number of Stage 4 pressure ulcers: Discharge	M0300D4_2	Nbr Disch Stg 4 PU new/worsened	I0900A	Peripheral Vascular Disease (PVD)	I0900B	Peripheral Arterial Disease ( PAD)	I2900A	Diabetes Mellitus (DM)	O0250A	Was influenza vaccine received	O0250B	Date influenza vaccine received	O0250C	If influenza vaccine not received, state reason	<p>This change will be made in the next version of the IRF-PAI Data Submission Specs.</p>
