

ADDENDUM TO THE MEDICARE COVERAGE GAP DISCOUNT PROGRAM AGREEMENT
FOR PARTICIPATION IN THE PART D SENIOR SAVINGS MODEL
(the “Model”)

The Secretary of Health and Human Services (the “Secretary”) and the Manufacturer participating in the Medicare Coverage Gap Discount Program as identified in Article XI of this Addendum (the “Manufacturer”), agree to amend the contract identified in Article XI of this Addendum, including all exhibits, attachments addenda and amendments thereto, (“Underlying Contract”), governing the Manufacturer’s participation in the Coverage Gap Discount Program pursuant to §§ 1860D-14A and 1860D-43 of the Social Security Act (“the Act”) to include this Addendum to provide for the Manufacturer’s participation in the Part D Senior Savings Model.

This voluntary Model, conducted pursuant to Section 1115A of the Act, is intended to exist for five plan years of the Part D Program commencing with plan year 2021. The purpose of this Model is to test a change to the Manufacturer Coverage Gap Discount Program to allow Part D sponsors, through eligible enhanced alternative plans, to offer a Part D benefit design that includes predictable, standard copays in the deductible, initial coverage, and coverage gap phases by offering supplemental benefits that apply after manufacturers provide a discounted price for applicable drugs included in the Model. CMS affirms that nothing in this Addendum shall alter or affect the determination of incurred costs as described in § 1860D-2(b) of the Act.

Therefore, the Secretary and Manufacturer (“the parties”) hereby agree as follows:

The termination of this Addendum does not relieve either party of any claims against it that arise under this Addendum before the Addendum is terminated.
- C. Upon termination of this Addendum, the Manufacturer shall continue to reimburse all applicable discounts and comply with all other obligations under the Underlying Contract consistent with applicable law and the Underlying Contract as if this Addendum had never been executed.
