CMS Manual System	Department of Health & Human Services (DHHS)
Pub 100-06 Medicare Financial Management	Centers for Medicare & Medicaid Services (CMS)
Transmittal 309	Date: December 20, 2018
	Change Request 10666

Transmittal 306, dated July 13, 2018 is being rescinded and replaced by Transmittal 309, dated, December 20, 2018. Both transmittals seek to clarify the CROWD requirements for the D2 specialty, the taxonomy requirements for the D4 specialty, and to reflect the D1 specialty code as a supplier specialty and not a physician specialty. All other information remains the same.

SUBJECT: New Physician Specialty Code for Undersea and Hyperbaric Medicine

I. SUMMARY OF CHANGES: The Centers for Medicare & Medicaid Services (CMS) has established a new physician specialty code for Undersea and Hyperbaric Medicine (D4). This change request (CR) also provides instructions for including Medicare Diabetes Prevention Program (D1) and Restricted Use (D2) in submissions for CROWD Form "F" (Participating Physician/Supplier Report). These new supplier specialties were established in CR 9955.

EFFECTIVE DATE: January 1, 2019

*Unless otherwise specified, the effective date is the date of service.

IMPLEMENTATION DATE: January 7, 2019

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

II. CHANGES IN MANUAL INSTRUCTIONS: (N/A if manual is not updated) R=REVISED, N=NEW, D=DELETED-*Only One Per Row*.

III. FUNDING:

For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is

not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

Business Requirements Manual Instruction

Attachment - Business Requirements

Pub. 100-06	Transmittal: 309	Date: December 20, 2018	Change Request: 10666

Transmittal 306, dated July 13, 2018 is being rescinded and replaced by Transmittal 309, dated, December 20, 2018. Both transmittals seek to clarify the CROWD requirements for the D2 specialty, the taxonomy requirements for the D4 specialty, and to reflect the D1 specialty code as a supplier specialty and not a physician specialty. All other information remains the same.

SUBJECT: New Physician Specialty Code for Undersea and Hyperbaric Medicine

EFFECTIVE DATE: January 1, 2019

*Unless otherwise specified, the effective date is the date of service.

IMPLEMENTATION DATE: January 7, 2019

I. GENERAL INFORMATION

A. Background: Physicians self-designate their Medicare physician specialty on the Medicare enrollment application (CMS-855I or CMS-855O) or Internet-based Provider Enrollment, Chain and Ownership System (PECOS) when they enroll in the Medicare program. Medicare physician specialty codes describe the specific/unique types of medicine that physicians (and certain other suppliers) practice. Specialty codes are used by the Centers for Medicare & Medicaid Services (CMS) for programmatic and claims processing purposes.

This change request (CR) also provides instructions for including Medicare Diabetes Prevention Program (D1) and Restricted Use (D2) in submissions for CROWD Form "F" (Participating Physician/Supplier Report). These new supplier specialties were established in CR 9955.

B. Policy: The CMS has established a new physician specialty code for Undersea and Hyperbaric Medicine (D4).

II. BUSINESS REQUIREMENTS TABLE

Number Descriptions

"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.

150 - Part D(1) - Claims Processing Timeliness - All Claims

(Rev.309, Issued: 12-20-18, Effective: 01-01-19, Implementation: 01-07-19)

Pages 2-9 of the CMS-1565 include data on its activity in processing all claims to completion during the reporting period. A claim is counted as processed to completion on the scheduled payment date, which is the date the check is mailed, deposited in the provider's account, or transferred electronically. For non-paid claims, the date of completion is the date the MSN or other notice of final action on the claim is mailed. Data shown must be based on reliable counts of all claims (real and replicate) processing activity. The A/B MAC (B) does not estimate claim counts. It reports only data relating to initial claims (real and replicate) actions. It does not report data on requests for, or dispositions of, reviews, hearings, or reopenings of initial claim actions.

"Clean" claims are defined as those that do not require investigation or development external to the A/B MAC (B)'s operation on a prepayment basis. Claims which do not meet the definition of "clean" are "other" claims. Claims paid are those for which some payment was made (i.e., payment greater than zero). Claims not paid are those for which no payment was made (i.e., claim charges applied completely toward deductible or fully denied).

On pages 2-9, the A/B MAC (B) reports:

- In column 1, the total number of claims processed to completion;
- In column 2, the number of "clean" claims paid;
- In column 3, the number of "other" claims paid;
- In column 4, the number of "clean" claims not paid;
- In column 5, the number of "other" claims not paid; and
- In column 6, the number of "clean" or "other" claims processed to completion, which were received via electronic media from providers or their billing agencies and read directly into the A/B MAC (B)'s claims processing system. The A/B MAC (B) does not count on this line claims that it received in hardcopy and entered using an OCR device. It does not count any claims received in hardcopy and transformed into electronic media by any entity working for it directly or under subcontract.

The data in lines 1 through 37 of pages 2 through 9 represent the number of claims processed in the number of days shown on that line, counting from the date of receipt. Line 38 represents the sum of lines 1-37. The date of receipt is defined for hard-copy and magnetic tape claims as the date of receipt in the mailroom. For EMC billed via terminal or equivalent, it is the date the claim passes all front-end edits. For split claims, whether required or replicate, the date of receipt is the date of receipt of the original claim material, not the date of the split.

To calculate the processing time for a claim, the A/B MAC (B) subtracts the Julian receipt date from the processed to completion Julian date. When the processed to completion date falls in the year following the year of receipt, it adds 365 to the Julian date of completion (or 366 if the year of receipt is a leap year). If a claim is processed to completion on the same day it is received, the processing time is 1 day. This definition applies to all lines of the report, including line 39.

On line 39, the A/B MAC (B) reports the mean processing time (PT) to one decimal place for each column. To calculate the mean PT, it adds the processing times for the claims shown in line 38 of that column, and divides by the number in line 38. It does not use the categories on the report to calculate the mean PT. Because of the aggregation of claims in lines 34-37, it uses the processing times for individual claims, as explained below, to make this calculation.

Mean PT Calculation for All Claims - To determine the mean PT for all claims:

• Subtract the Julian date of receipt from the Julian date of payment or equivalent action for those not paid for each claim.

- Accumulate the result to cell counter for number of days for all claims.
- Divide this result by the total number of claims.
- Round to one decimal place.

EXAMPLE:

Claim	Julian Date	Paid	Counter by	Counter by
	Receipt		Days	Claims
A	87103	87133	30	1
В	87105	87206	101	2
C	87115	87177	62	3
D	87120	87213	93	4
E	87122	87215	93	5
F	87130	87223	93	6

Total Days = 30 + 101 + 62 + 93 + 93 + 93 = 472

Mean = 472/6 = 78.6666 = 78.7

The A/B MAC (B) completes the report for each of the following claim types:

- Page 2. Assigned Physician It shows the number of assigned claims included on page 9 which involved services billed by physicians. Physicians are identified by specialty codes 01-14, 16-30, 33-41, 44, 46, 48, 66, 70, 72, 76-79, 81-86, 90-94, 98, 99, C0, or C3, C5, C6, C7, C8, C9, D3 *or D4*.
- Page 3. Assigned DME It shows the number of assigned claims included on page 9 which involved services billed by DME suppliers.
- Page 4. Assigned Lab It shows the number of assigned claims included on page 9 which involved services billed by an independent laboratory. Independent laboratories are identified by specialty code 69.
- Page 5. Assigned Ambulance It shows the number of assigned claims included on page 9 which involved services billed by ambulance service suppliers. Ambulance service suppliers are identified by specialty code 59.
- Page 6. Assigned Other It shows the number of assigned non-physician claims included on page 9 but not represented on pages 3, 4, or 5.
- Page 7. Unassigned It shows the number of unassigned claims (real and replicate) included on page 9.
- Page 8. Participating Physician It shows the number of claims included on page 9 involving services rendered by physicians enrolled in the Medicare Physician/Supplier Participation Program.
- Page 9. All Claims It shows the total number of claims (real and replicate) processed during the month.

170.3 - Part E - Interest Payment Data

(Rev.309, Issued: 12-20-18, Effective: 01-01-19, Implementation: 01-07-19)

The A/B MAC (B) reports on Page 12 of the CMS-1565 data on the claims on which it paid interest because it paid the claims after the required payment date per §9311 of the Omnibus Reconciliation Act of 1986 (OBRA 1986). It bases data shown on reliable counts of all claims processing activity, not on estimates. It reports data on initial claims only. It includes in the report all claims requiring interest payments in the month. It reports claims in the month the date of payment falls. (For a discussion of interest payments refer to the Medicare Claims Processing Manual, Publication 100-04, chapter 1, sections 80.2.2 and 80.2.2.1).

The A/B MAC (B) completes the report for each column as follows:

- Column 1. Total Data for all claims (real and replicate) for which interest payments were made during the month.
- Column 2. Assigned Physician Data for the assigned claims included in column 1 which involved services billed by physicians. Physicians are identified by specialty codes 01-14, 16-30, 33-41, 44, 46, 48, 66, 70, 72, 76-79, 81-86, 90-94, 98, 99, C0, C3, C5, C6, C7, C8, C9, D3, *or D4*.
- Column 3. Assigned DME Data for the assigned claims included in column 1 that involved services billed by DME suppliers.
- Column 4. Assigned Lab Data for the assigned claims included in column 1 that involved services billed by an independent laboratory. Independent laboratories are identified by specialty code 69.
- Column 5. Assigned Ambulance Data for the assigned claims included in column 1 that involved services billed by ambulance service suppliers. Ambulance service suppliers are identified by specialty code 59.
- Column 6. Assigned Other Data for the assigned non-physician claims included in column 1 but not represented in columns 3, 4, or 5.
- Column 7. Unassigned Data for the unassigned claims included in column 1.
- Column 8. Participating Physician Data for claims involving services rendered by physicians enrolled in the Medicare Physician/Supplier Participation Program.

On line 1, the A/B MAC (B) shows the number of claims on which it paid interest in the reporting month. It reports on line 2 the number of claims included in line 1 for which it made payment 1 day after the required payment date (e.g., the required payment date is 17 days after receipt for participating physician claims received in FY 1992.) (See §9311 of OBRA 1986.) Data for lines 3-10 are similar to those for line 2.

The A/B MAC (B) calculates the number of days late by subtracting the Julian date of the required payment date from the Julian date of payment.

On line 11, it shows the amount paid in interest for claims reported in line 1. On lines 12-20, it shows the amount paid in interest for claims reported in lines 2-10, respectively. It shows dollar amounts on lines 11-20 to the nearest penny, and includes the decimal point.

260.1 - Classification of Claims for Counting

(Rev. 309, Issued: 12-20-18, Effective: 01-01-19, Implementation: 01-07-19)

All claims data entered on the CMS-1565C must represent counts of claims (real and replicate) as defined in Pub. 100-04, Medicare Claims Processing Manual, chapter 1, section 70. The A/B MAC (B) classifies the claims on the report form as follows: (1) An assigned claim submitted by a non-participating physician or supplier; (2) An unassigned claim, usually submitted by a beneficiary and accompanied by bills from one or more physicians or suppliers; or (3) A claim submitted by a participating physician or supplier.

The terms "participating" and "non-participating" refer to whether or not the physician/supplier has signed an agreement to follow the provisions of the Medicare Physician/Supplier Participation Program. The A/B MAC (B) classifies claims as follows:

- A claim in which all services were provided when the physician/supplier was "participating" as a participant claim, and
- A claim with a mix of participant and non-participant services (including those cases where a physician/supplier has changed status) as a participant claim.

NOTES: An exception to the above is the unassigned claim involving services by a participating physician/supplier. If the A/B MAC (B) denies this type of claim, it classifies it as a non-

participant, unassigned claim. When the corresponding claim is submitted by the beneficiary's physician (supplier), it classifies it as a participant claim.

The above classification rules apply only to claims. Services, covered charges, and disallowed charges should be allocated according to the participation status of the physician/supplier at the time the service was provided.

The A/B MAC (B) makes the distinction between physician and non-physician claims and services according to the coding used for the Bill Summary Record. It classifies those entities with specialty codes of 01-14, 16-30, 33-41, 44, 46, 48, 66, 70, 72, 76-79, 81-86, 90-94, 98, 99, C0, or C3, C5, C6, C7, C8, C9, *D3*, *or D4* as physicians. It considers all others to be non-physicians.

400.4 - Physician/Limited License Physician Specialty Codes

(Rev.309, Issued: 12-20-18, Effective: 01-01-19, Implementation: 01-07-19)

The following list of codes and narrative describe the kind of medicine physicians practice.

01 General Practice 02 General Surgery 03 Allergy/Immunology 04 Otolaryngology 05 Anesthesiology 06 Cardiology 07 Dermatology 08 Family Practice 09 Interventional Pain Management 10 Gastroenterology 11 Internal Medicine 12 Osteopathic Manipulative Medicine 13 Neurology 14 Neurosurgery 16 Obstetrics/Gynecology 17 Hospice and Palliative Care 18 Ophthalmology 19 Oral Surgery (Dentists only) (LLP) 20 Orthopedic Surgery 21 Cardiac Electrophysiology 22 Pathology 23 Sports Medicine 24 Plastic and Reconstructive Surgery 25 Physical Medicine and Rehabilitation 26 Psychiatry 27 Geriatric Psychiatry 28 Colorectal Surgery (formerly Proctology) 29 Pulmonary Disease 30 Diagnostic Radiology 33 Thoracic Surgery 34 Urology 35 Chiropractic (LLP) 36 Nuclear Medicine 37 Pediatric Medicine 38 Geriatric Medicine		,

C9	Hematopoietic Cell Transplantation and Cellular Therapy
D3	Medical Genetics and Genomics
D4	Undersea and Hyperbaric Medicine

NOTE: Specialty Code Use for Service in an Independent Laboratory. For services performed in an independent laboratory, show the specialty code of the physician ordering the x-rays and requesting payment. If the independent laboratory requests payment, use supplier code "69".

400.5 - Non-Physician Practitioner/Supplier Specialty Codes

(Rev.309, Issued: 12-20-18, Effective: 01-01-19, Implementation: 01-07-19)

The following list of codes and narrative describe the kind of medicine non-physician practitioners or other healthcare providers/suppliers practice.

Code	Non-Physician Practitioner/Supplier Specialty Codes
15	Speech Language Pathologist in Private Practice
31	Intensive Cardiac Rehabilitation (ICR)
32	Anesthesiologist Assistant
42	Certified Nurse Midwife (effective July 1, 1988)
43	Certified Registered Nurse Anesthetist (CRNA)
45	Mammography Screening Center

47	Independent Diagnostic Testing Facility (IDTF)
49	Ambulatory Surgical Center
50	Nurse Practitioner
59	Ambulance Service Supplier, e.g., private ambulance companies, funeral homes
60	Public Health or Welfare Agencies (Federal, State, and local)
61	Voluntary Health or Charitable Agencies (e.g., National Cancer Society,
	National Heart Association, Catholic Charities)
62	Psychologist (Billing Independently)
63	Portable X-Ray Supplier (Billing Independently)
64	Audiologist (Billing Independently)
65	Physical Therapist in Private Practice
67	Occupational Therapist in Private Practice
68	Clinical Psychologist
69	Clinical Laboratory (Billing Independently)
71	Registered Dietician/Nutrition Professional
73	Mass Immunization Roster Billers (Mass Immunizers have to roster bill
	assigned claims and can only bill for immunizations)
74	Radiation Therapy Centers
75	Slide Preparation Facilities
80	Licensed Clinical Social Worker
88	Unknown Provider
89	Certified Clinical Nurse Specialist
95	Unknown Supplier
97	Physician Assistant
C1	Centralized Flu
C2	Indirect Payment Procedure
C4	Restricted Use
D1	Medicare Diabetes Prevention Program
D2	Restricted Use

Note: Specialty Code Use for Service in an Independent Laboratory. For services performed in an independent laboratory, show the specialty code of the physician ordering the x-rays and requesting payment. If the independent laboratory requests payment, use supplier code "69".
