Pub 100-20 One-Time Notification	Centers for Medicare & Medicaid Services (CMS)
Transmittal 2278	Date: April 11, 2019
	Change Request 11152

Transmittal 2270, dated March 13, 2019, is being rescinded and replaced by Transmittal 2278, dated, April 11, 2019, to add business requirements 11152.9 and 11152.10. All other information remains the same.

SUBJECT: Implementation of the Skilled Nursing Facility (SNF) Patient Driven Payment Model (PDPM)

I. SUMMARY OF CHANGES: This Change Request will implement the Skilled Nursing Facility (SNF) Patient Driven Payment Model (PDPM).

EFFECTIVE DATE: October 1, 2019

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: July 1, 2019 - CWF and FISS Coding and Testing in July 2019; July 1, 2019 - CWF Implementation in July; October 1, 2019 - Pricer Updates and Continue Testing

Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.

II. CHANGES IN MANUAL INSTRUCTIONS: (N/A if manual is not updated)

R=REVISED, N=NEW, D=DELETED-Only One Per Row.

R/N/D	CHAPTER / SECTION / SUBSECTION / TITLE
N/A	N/A

III. FUNDING:

For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

Transmittal 2270, dated March 13, 2019, is being rescinded and replaced by Transmittal 2278, dated, April 11, 2019, to add business requirements 11152.9 and 11152.10. All other information remains the same.

SUBJECT: Implementation of the Skilled Nursing Facility (SNF) Patient Driven Payment Model (PDPM)

EFFECTIVE DATE: October 1, 2019

**Unless otherwise specified, the effective date is the date of service.*

IMPLEMENTATION DATE: July 1, 2019 - CWF and FISS Coding and Testing in July 2019; July 1, 2019 - CWF Implementation in July; October 1, 2019 - Pricer Updates and Continue Testing

I. GENERAL INFORMATION

A. Background: This Change Request (CR) is for implementation of the changes to the Skilled Nursing Facility (SNF) Prospective Payment System (PPS), specifically implementing changes required for the Patient Driven Payment Model (PDPM). These changes were finalized in the FY 2019 SNF PPS Final Rule (83 FR 39162) and are effective October 1, 2019. This Change Request (CR) is applicable to the Fiscal Intermediary Shared System (FISS) and the Common Working File (CWF). SNFs billing on Type of Bill (TOB) 21X and hospital swing bed providers billing on TOB 18X (subject to SNF PPS), will be subject to these requirements.

Currently, under the SNF PPS, revenue code 0022 indicates that this claim is being paid under the SNF PPS. This revenue code can appear on a claim as often as necessary to indicate different Health Insurance Prospective Payment System (HIPPS) Rate Code(s) and assessment periods. The HCPCS/Rates field must contain a 5-digit "HIPPS Code". Currently, the first three positions of the code contain the Resource Utilization Group (RUG) group, and the last two positions of the code contain a 2-digit assessment indicator (AI) code.

B. Policy: Under PDPM, the HIPPS code is structured differently, as a result of there being five case-mix adjusted rate components under the revised model. The first position represents the Physical and Occupational Therapy case-mix group. The second position represents the Speech-Language Pathology case-mix group. The third character represents the nursing case-mix group. The fourth character represents the Non-Therapy Ancillary case-mix group. The fifth character represents the AI code. CMS would note that this also affects the number of potentially valid HIPPS codes under PDPM, as compared to RUG-IV.

The PPS assessment schedule under PDPM is also significantly different from that used under the current case-mix classification system, the Resource Utilization Group, Version IV (RUG-IV) model. The only required assessments under PDPM that would produce a HIPPS code would be the 5-day PPS assessment, which follows the same schedule as under the current SNF PPS, and an Interim Payment Assessment (IPA), which may be completed at any point during a PPS stay.

Additionally, under PDPM, SNF PPS payments will be reduced according to a prescribed schedule, referred to as the variable per diem adjustment. Under the current SNF PPS, all days within any given RUG during a covered stay are paid at the same per diem rate. Under PDPM, however, the per diem rate for a given day of the SNF PPS stay may be different from the prior day, depending on an adjustment factor that may be applied against the SNF PPS rate connected with the HIPPS code. Moreover, the variable per diem schedule applies only to the PT, OT, and NTA components of the per diem rate, with different schedules for the PT/OT components than for the NTA component. More details on this may be found in Table 30 of the FY 2019 SNF PPS Final Rule (83 FR 39228). A similar adjustment exists under the Inpatient Psychiatric

SNF PDPM FY 2020 Input/Output Record Layout

The SNF Pricer input/output file will remain 300 bytes in length. The required data and format are shown below.

The changes to the FY2020 SNF Input record layout are specified below in red.

File Position	Format	Title	Description
1-4	X(4)	MSA	Input item: The metropolitan statistical area (MSA) code. Medicare claims processing systems pull this code from field 13 of the provider specific file.
5-9	X(5)	CBSA	Input item: Core-Based Statistical Area
10	X	SPEC-WI-IND	Input item (if applicable) :Special Wage Index Indicator Valid Values: Y (yes) or N (no)
11-16	X(6)	SPEC-WI	Input item (if applicable): Special Wage Index
17-21	X(5)	HIPPS-CODE	Input Item: Health Insurance Prospective Payment System Code – Medicare claims processing systems must copy the HIPPS code reported by the provider on each 0022 revenue code line
22-29	9(8)	FROM-DATE	Input item: The statement covers period “from” date, copied from the claim form. Date format must be CCYMMDD.
30-37	9(8)	THRU-DATE	Input item: The statement covers period “through” date, copied from the claim form. Date format must be CCYMMDD.
38	X	SNF-FED-BLEND	Input Item: Effective October 1, 2017, MACs shall populate the FED PPS BLEND IND field in the PSF with a "1" to indicate the SNF did not meet the quality reporting requirements. Input item: Code for the blend ratio between federal and facility rates. For SNFs on PPS effective for cost reporting periods beginning on or after 7/1/98. Medicare claims processing systems pull this code from field 19 of the provider specific file.
