	<b>Change Request 11354</b>

**SUBJECT: New Waived Tests**

**I. SUMMARY OF CHANGES:** This Change Request (CR) will inform contractors of new Clinical Laboratory Improvement Amendments of 1988 (CLIA) waived tests approved by the Food and Drug Administration. Since these tests are marketed immediately after approval, the Centers for Medicare & Medicaid Services (CMS) must notify its contractors of the new tests so that the contractors can accurately process claims. There are 7 newly added waived complexity tests. The initial release of this Recurring Update Notification applies to Chapter 16, section 70.8 of the IOM.

**EFFECTIVE DATE: October 1, 2019**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: October 7, 2019**

*Disclaimer for manual changes only: The revision date and transmittal number apply only to red italicized material. Any other material was previously published and remains unchanged. However, if this revision contains a table of contents, you will receive the new/revised information only, and not the entire table of contents.*

**III. FUNDING:**

**For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

**EFFECTIVE DATE: October 1, 2019**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: October 7, 2019**

## I. GENERAL INFORMATION

**A. Background:** The Clinical Laboratory Improvement Amendments of 1988 (CLIA) regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare & Medicaid only pay for laboratory tests categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

Listed below are the latest tests approved by the Food and Drug Administration (FDA) as waived tests under CLIA. The Current Procedural Terminology (CPT) codes for the following new tests must have the modifier QW to be recognized as a waived test. However, the tests mentioned on the first page of the attached list (i.e., CPT codes: 81002, 81025, 82270, 82272, 82962, 83026, 84830, 85013, and 85651) do not require a QW modifier to be recognized as a waived test.

The CPT code, effective date and description for the latest tests approved by the FDA as waived tests under CLIA are the following:

80305QW, December 13, 2018, Continental Pharmaceuticals, New Choice Home Drug Test Marijuana {Test Strip};

- 80305QW, December 13, 2018, Shenzhen Bioeasy Biotechnology Co., Ltd, BIOEASY Multi-Drug Test Cup;
- 80305QW, April 18, 2019, Mercedes Scientific Inc., Platinum+ Multi-Drug Urine Test Cup;
- 80305QW, April 18, 2019, Mercedes Scientific Inc., Platinum+ Multi-Drug Urine Test Dip Card;
- 87880QW, May 9, 2019, McKesson Consult Strep A Test Cassette;
- 87502QW, May 28, 2019, Alere ID NOW Instrument {Nasal and Nasopharyngeal swabs}, for Influenza A/B; and
- 87634QW, May 29, 2019, Alere ID NOW Instrument {Nasopharyngeal swabs}, for respiratory syncytial virus.

This Recurring Update Notification applies to Chapter 16, section 70.8 of the IOM.

**B. Policy:** The CLIA regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare and Medicaid only pay for laboratory tests categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

## II. BUSINESS REQUIREMENTS TABLE

*"Shall" denotes a mandatory requirement, and "should" denotes an optional requirement.*
