

CMS Manual System	Department of Health & Human Services (DHHS)
Pub 100-04 Medicare Claims Processing	Centers for Medicare & Medicaid Services (CMS)
Transmittal 3012	Date: August 1, 2014
	Change Request 8873

Transmittal 3012, dated August 1, 2014, is being rescinded and replaced by Transmittal 3080 dated September 26, 2014, to correct the long descriptor for HCPCS code C9135 in table 2 in the attachment A-Tables for the Policy Section. The long descriptor for C9135 is changing from “Factor ix (antihemophilic factor, recombinant), Alprolix, per 10 i.u” to “Factor ix (antihemophilic factor, recombinant), Alprolix, per i.u”. We are also correcting table 7 in the attachment A. APC number for J9171 needs to change from 1086 to 0823, since APC 1086 was a typo. All other information remains the same.

SUBJECT: October 2014 Update of the Hospital Outpatient Prospective Payment System (OPPS)
