Subject: New Waived Tests – January 1, 2005

I. GENERAL INFORMATION

A. Background:

The Clinical Laboratory Improvement Amendments of 1988 (CLIA) regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare and Medicaid only pay for laboratory tests categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

Listed below are the latest tests approved by the Food and Drug Administration as waived tests under the CLIA. The Current Procedural Terminology (CPT) codes for the following new tests must have the modifier QW to be recognized as a waived test. However, the tests mentioned on the first page of the attached list (i.e., CPT codes: 81002, 81025, 82270, G0107, 82962, 83026, 84830, 85013, and 85651) do not require a QW modifier to be recognized as a waived test.

CPT Code/Modifier	Effective Date	Description
87804QW	2-6-2004	Quidel Quickvue Influenza A+B Test
87880QW	4-15-2004	DE Healthcare Products TruView Strep A Cassette Test
87880QW	6-4-2004	Polymedco Poly Stat Strep A Liquid Test
84450QW	6-18-2004	Cholestech LDX (Whole Blood)
87880QW	6-28-2004	Immunostics Detector Strep A Direct
83001QW	6-28-2004	Acon Laboratories, Inc. FSH Menopause Predictor Test
85018QW	6-30-2004	HemoCue Hemoglobin 201+ (Capillary, Venous, Arterial Whole Blood)
82465QW, 83718 QW, 84478 QW, 80061QW	7-9-2004	Piccolo Point of Care Chemistry Analyzer (Lipid Panel Reagent Disc) (Whole Blood)
87880QW	7-15-2004	Genzyme OSOM Ultra Strep A Test
80101QW	8-24-2004	Accu-Stat Drugs of Abuse Home Test for Marijuana (THC) and Cocaine (COC)
80101QW	8-24-2004	Accu-Stat Drugs of Abuse Home Test for Marijuana (THC)

The new waived code, 84450QW, has been assigned for the aspartate aminotransferase (AST) test performed on the Cholestech LDX (Whole Blood) test system.

B. Policy:

The CLIA regulations require a facility to be appropriately certified for each test performed. To ensure that Medicare and Medicaid only pay for laboratory tests

categorized as waived complexity under CLIA in facilities with a CLIA certificate of waiver, laboratory claims are currently edited at the CLIA certificate level.

C. Provider Education: None.
