- 1 Beneficiaries who were administered a community interview answered health status and functioning questions themselves, unless they were unable to do so. A proxy, such as a nurse, always answered questions about the beneficiary's health status and functioning for long-term care facility interviews.
- 2 IADL stands for Instrumental Activity of Daily Living.
- 3 ADL stands for Activity of Daily Living.
- 4 Due to changes in the Facility Questionnaire, data pertaining to **Social Activity Limitations** are no longer available for beneficiaries living in a long-term care facility. Also, other facility data may not match 1996 data to slight changes in the wording of several questions.
